October 15, 2009

Dear Friends,

It is with regret that due to low attendance, we must announce the cancellation of the 2009 Erosion Prevention Sediment Control Field Day scheduled for October 22, 2009. We apologize for any inconvenience this may cause. We appreciate your interest and participation. Your registration fee will be refunded.

Those of who have already submitted payment will be receiving either your check back or if it has already been deposited, the City of Bowling Green will issue a full refund check to you.

Those Certified Contractors whose certification will expire this year without Field Day are being offered an alternative. On December 2, 2009, an afternoon seminar will be held at the Parks and Recreation Community Room. Information on signing up will follow as well as be posted on the website.

Please feel free to contact me with any questions and please accept my apologies for this cancelation.

Sincerely,

Matt Powell, CPESC, CPSWQ
