

BOWLING GREEN PARKS AND RECREATION

HEALTHY AT CAMP GUIDELINES

- Temperature screening upon arrival
- Employees and campers will be asked to stay home if they are sick or have been in close contact with a person who has tested positive for COVID-19.
- Hand hygiene will be reinforced during camp. Campers will be required to wash hands upon arrival to camp. Staff will ensure that campers use proper handwashing procedures throughout the day. Strongly emphasizing handwashing after using the restroom and before/after eating.
- Staff will reinforce proper respiratory etiquette (cover cough and sneeze with a tissue or elbow). Wash hands immediately after coughing or sneezing into a tissue or hands.
- Campers and staff will be required to wear masks at all times. Daily mask breaks will be given to campers.
- Campers will be seated at least 6 feet apart in the classrooms. They will all face the same direction. Classrooms/groups will be limited to 10 campers.
- Participants will not share objects and their belongings will be kept separate from other campers.
- Objects will be thoroughly disinfected after use. Classrooms will be disinfected after lunch and at the end of the day.
- Campers must bring their own water bottle. Water fountains will not be available.
- Outdoor activities will be prioritized as much as possible.
- Campers must bring their own lunch. Make sure it is packed in an insulated bag or lunch box and doesn't require heating. We cannot heat up a camper's food or keep it in our refrigerator.
- Parents will call Center staff when they arrive to pick up child. Parent should pick up child at the exit adjacent to Kentucky Street. Staff will escort child to the pickup location.

Illness Procedures

While at Camp

- If a child shows any signs of common COVID-19 symptoms while at camp, then parents will be notified immediately. Common COVID-19 symptoms might include:
 - Fever or chills
 - Cough
 - Shortness of breath or difficulty breathing
 - Fatigue
 - Muscle or body aches
 - Headache
 - New loss of taste or smell

- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea
- The child must be picked up as soon as possible, but preferably within 30 minutes of notification.
- The sick camper will stay in the nurse's office until picked up. The room will be disinfected after each use.

If a child leaves the camp with COVID type symptoms, they will not be allowed to resume participation until:

- 10-days have passed since the onset of symptoms and symptoms have resolved for at least 24-hours OR
- The child provides a written statement from a physician or a district health department that releases the child from quarantine.

If a child tests positive for COVID-19 OR shares a household with a COVID positive person

- The child will require a written statement from a physician or a district health department that releases the child from quarantine.
