Assistant City Manager/CFO Commentary

Revenue Highlights:

The total FY2025 amended General Fund revenue budget is \$109,927,500. Through April, \$98,178,000 has been collected, or 89.3% of the amended revenue budget. The FY2025 adopted revenue budget was increased by +9.7% over the FY2024 adopted budget, aligning with business growth and expansion as well as a full year incorporation of the new 2.0% tax rate for both withholding fees and net profits. The most significant components of the revenue budget include withholding fees, net profits, and property taxes. Insurance premium taxes, employee withholdings, and parks & rec show a negative or nominal decrease for April FY2025 vs. FY2024. The other categories reflect increases over the prior year. *Please note that approximately 21% of the all other category is comprised of a net reversal of a prior year-end fair market value adjustment on investments; this is "book" only revenue and does not constitute actual cash collections. <i>Additionally*, net profit collections include \$1.2 million of deferred revenue for collections of estimated payments and extensions that will be netted to revenue when the fillings actually occur, typically in April or October. The impact of this reduces net profit total collections to \$10.6M and total revenue through April to \$97.0M.
