## PUBLIC COMMENTS

Kevin Eells of 5950 Barren River Road presented a petition against a smoking ban. He stated that he considered such a ban to be a violation of his constitutional rights and that it would make smokers feel like second class citizens. He further stated that if the City approved a smoke-free ordinance, he would bring a class action suit against the Board of Commissioners. He suggested that the people should be the ones to make the decision and to vote on the issue.

Mayor Walker clarified that in her research, she discovered that State statute prohibited placing such an item on a ballot for a public vote. Comm. Denning pointed out that, to date, the Board of Commissioners had not discussed an ordinance or any decision regarding the issue of a smoking ban.

Vicky Gregory of 2803 Carriage Hill Drive spoke in support of the ban to address health concerns. She urged the Board to do the right thing by making Bowling Green a smoke-free community.

Karen Litten of 1400 Apollo Court and owner of a local bowling alley expressed concern for the small businesses that would potentially be hurt by a smoking ban and she remarked that smoking was not the only cause of lung cancer.

Tom Rogers of 9160 Barren River Road also spoke in favor of a smoke-free community. He commented that the Board could not please everyone, but that it needed to speak for those who could not speak for themselves.

Linda Watts of 1465 Fairview-Boiling Springs Road stated that by choice she was a non-smoker, but that there were other dangers for people to consider than just the affects of second-hand smoke, such as obesity, asthma, extreme sports, etc. She suggested that everyone's efforts should be placed on educating the community about the harmful affects of smoking and to let businesses regulate themselves.

Rich Pringle of 800 Magnolia Street expressed concern for a water drainage problem which he wanted the City to fix, but was told the City did not have the money to fix individual issues. Mayor Walker requested that the City Manager look into the problem. Mr. DeFebbo agreed.

Alton Miller of 474 Claremore Avenue expressed his support with the development of a smoke-free ordinance and remarked that fourteen other communities in Kentucky had already passed such an ordinance.

John Bonaguro of 815 Ann Marie Court also expressed his support for being smoke-free because of the health concerns and requested that the community consider the issue.

Mike Wilson of 51 Guy Miller Road stated that he opposed the smoking ban and provided copies of information that supported his position, including a written opinion of Kentucky Supreme Court Justice J. William Graves who declared such an act to be unconstitutional.

Joseph Southworth of 316 13<sup>th</sup> Street and an employee at a local restaurant indicated that the smoking ban issue was about choice. He commented that if restaurants went smoke-free, then

smokers would congregate at the front entrances and cause more exposure to second-hand smoke as other patrons would have to walk through the smoke to enter the establishment. He stated he opposed the ban.
