BUDGET ORDINANCE

ORDINANCE NO. **BG2014 – 14**

ORDINANCE ADOPTING ANNUAL CITY BUDGET

ORDINANCE ADOPTING THE CITY OF BOWLING GREEN, KENTUCKY ANNUAL OPERATING BUDGET FOR FISCAL YEAR BEGINNING JULY 1, 2014 AND ENDING JUNE 30, 2015, BY ESTIMATING REVENUES AND APPROPRIATING FUNDS FOR THE OPERATION OF CITY GOVERNMENT

WHEREAS, an Annual Operating Budget proposal has been prepared and delivered to the Board of Commissioners of the City of Bowling Green, Kentucky; and,

WHEREAS, the Board of Commissioners has reviewed and discussed the proposed Annual Operating Budget and desires to adopt it for Fiscal Year 2015.

NOW, THEREFORE, BE IT ORDAINED by the City of Bowling Green, Kentucky as follows:

1. The Annual Operating Budget for the Fiscal Year beginning July 1, 2014 and ending June 30, 2015, including all sources of estimated revenues and appropriations for all City funds as set forth in Exhibit No. 1 attached hereto is hereby adopted.
2. All encumbrances outstanding on June 30, 2014 for goods not yet provided or services not yet rendered are hereby re-appropriated in conformance with generally accepted accounting principals for the Fiscal Year beginning July 1, 2014 and ending June 30, 2015.
3. The balance of all capital construction, renovation, improvement projects and grants currently approved and/or nearing completion are hereby approved for re-appropriation and carry over for the Fiscal Year beginning July 1, 2014 and ending June 30, 2015.
4. The provisions of this Ordinance are hereby declared to be severable, and if any section, phrase or provision shall for any reason be declared invalid, such declaration of invalidity shall not affect the validity of the remainder of this Ordinance.
5. All prior Municipal Orders or Ordinances or parts of any Municipal Order or Ordinance in conflict herewith are hereby repealed.

BG2014-14

BUDGET ORDINANCE, *continued*

(Ordinance No. BG2014 – 14)

6. This Ordinance is adopted pursuant to KRS 83A.060 in that it was introduced on June 3, 2014, and given final reading on June 17, 2014, and said Ordinance shall be in full force and effect upon signature, recordation and publication in summary pursuant to KRS Chapter 424.

ADOPTED: June 17, 2014

APPROVED: Bruce Wickersham
Mayor, Chairman of Board of Commissioners

ATTEST: Katie Shafer
City Clerk

SPONSORED BY: Kevin D. DeFebbo, City Manager, 05/28/2014, 1:45 p.m.

DISTINGUISHED BUDGET PRESENTATION AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) presented a second consecutive Distinguished Budget Presentation Award to the City of Bowling Green, Kentucky for its annual budget for the fiscal year beginning July 1, 2013. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of only one year. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

COMMUNITY PROFILE

COMMUNITY PROFILE AND DEMOGRAPHICS

Bowling Green, the “Park City” of Kentucky, was established in 1798, and is the third largest city in the state with a metropolitan statistical area population of over 163,500. The city limits occupy a land area of 38.7 square miles, has a population estimated at nearly 61,500 and serves as the retail, educational, medical, commercial, and social hub for South-Central Kentucky and Northern Tennessee. The labor market area, which measures employable workers that are 18 years and older, is measured at approximately 470,000 for the area encompassing a sixty minute drive from the city with an additional 25,500 workers being of age in the next two years.

Bowling Green is the home to several significant companies including the General Motors Corvette Assembly Plant, Fruit of the Loom/Russell Athletics, Houchens Industries, Holley Performance Products, and Camping World. The state’s third largest public university, Western Kentucky University, is also situated in Bowling Green and boosts over 21,000 students in a wide range of academic programs. The University’s athletic teams dubbed the “Hilltoppers”, and the men’s basketball team is the 14th winningest Division I program in the country.

The City operates under the City Manager form of government, one of the alternative forms of municipal government established under Kentucky Statutes. Under this form of government, a Mayor, who is elected for a term of four years, and four City Commissioners, who serve two years each, are voted into office in non-partisan elections. The Mayor and the City Commissioners comprise the Board of Commissioners (Board), in which all legislative and executive authority of the city is vested. As such, the Board is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and ratifying personnel appointments/promotions as recommended by the City Manager. The Board hires a City Manager, who serves as the Chief Administrative Officer of the city and enforces city ordinances and policy as well as carries out all day-to-day operations.

The City provides a full range of municipal services, including police and fire protection, engineering and inspection services, construction and maintenance of streets and other infrastructure, recreational activities and cultural events, and general administrative services. The City employs approximately 451 full-time and 277 part-time employees.

Bowling Green has been nationally recognized on many occasions, most recently in 2014 *Forbes* named Bowling Green as “One of the 25 Best Places to Retire”. The City has been consistently named in the top 10 lists of Best Places to Retire in the U.S. and has ranked high in survey measures for home prices, taxes, and distance to nearest big city. Also, *ConventionSouth Magazine* included Bowling Green as one of the “South’s Historic College Towns with Hip Group Appeal” in the fall of 2013.

CITY ORGANIZATIONAL CHART

STRATEGIC PLAN SUMMARY

STRATEGIC PLAN 2014 - 2019 - 2029

Bowling Green: Vision 2029

The City of Bowling Green is a dynamic urban center, which is a hometown for families and the location of the nationally recognized Western Kentucky University. It has a vibrant downtown and riverfront and a strong, growing economy.

Our diverse Bowling Green residents have access to top quality education, can enjoy an active lifestyle with cultural, recreational and leisure opportunities, and live in safe livable neighborhoods.

We take pride in our great community; “the best city in Kentucky.”

Our Goals 2019

- More Jobs, More Diverse Economy
- Improved Traffic Flow
- Thriving Downtown and Riverfront
- Sustainable City Government
- Strong Neighborhoods
- Enhanced Public Transportation

Top Priorities 2014/2015

- Grow revenues without increasing taxes
- Maintain and improve current level of services
- Continue focus on stormwater mitigation
- Enhance community walk-ability
- Initiate the BG Reinvestment Area
- Establish a comprehensive parks development plan

Major Projects 2014/2015

- Hennessy Way Realignment Project
- West End Soccer Field Project

Management Agenda 2014/2015

- Implement Corridor Mowing Plan
- Expand Leadership and Supervisory Development
- Continue to Enhance Public Awareness of City Services

DATE: May 16, 2014

INTRODUCTION

This is written to present the *City Manager's Fiscal Year 2014/2015 Budget Recommendation*.

This financial plan for the coming year was developed by the Budget Team listed above and includes the solicited input of all employee groups, department heads and contract agencies.

Pursuant to Kentucky State law, the Board of Commissioners is required to approve a budget by June 30, 2014.

BUDGET OVERVIEW

All Funds. The proposed Fiscal Year 2015 revenue budget for all funds totals \$99,255,519 and the expenditure budget for all funds totals \$100,043,930. This is a 4.5% (\$4,253,383) increase in revenues and a 0.4% (\$383,331) increase in expenditures compared to the FY2014 adopted budget. A more detailed explanation of the jump in revenues from last year to this year can be found under the General Fund heading below. Excluding the capital project expenditures in all funds, the proposed operating budget for FY2015 is 2.0% more than the FY2014 adopted operating budget. A compendium of this information can be found in **Appendix A**, as well as in the departmental summaries in **Appendix G**.

General Fund. Excluding the additions of Golf and Aquatics, the FY2015 General Fund revenue budget reflects an increase of 5.4% over the FY2014 adopted budget. Most of this growth is already being captured in the current year in occupational fees/taxes and property taxes. Employee Withholding fees and Net Profit fees both appear to be stable and growing steadily. Next year's revenue budget is basically just an adjustment to the reality of

BUDGET MESSAGE, *continued*

actual performance this year, with the anticipation that revenue levels will be sustainable. This same logic was used on the property tax revenue budget which reflects a 4% increase from the FY2014 budget. With the incorporation of Golf and Aquatics into the General Fund as a result of the elimination of the enterprise fund accounting structure explained further below, the General Fund revenue budget totals \$58,862,500.

The General Fund maintains a minimum reserve fund balance equal to 20% of the estimated revenue budget. The actual dollars set aside are adjusted accordingly after the annual budget is adopted. For FY2015, the 20% will equate to reserves of approximately \$11.8 million in the General Fund.

The General Fund expenditure budget reflects an increase of 4.6% over the FY2014 adopted budget, excluding changes due to the integration of Golf and Aquatics. This increase can be attributed to the inclusion of cost of living and step adjustments, other personnel adjustments and changes, anticipated utility rate and inflationary increases, and investing in specific one-time capital equipment needs and other capital projects as further described herein. With the addition of Golf and Aquatics, the General Fund expenditure budget totals \$58,862,500. A complete summary of these facts can be found in **Appendix B**.

To provide another perspective, the new General Fund operating budget including Golf and Aquatics, but excluding capital project expenditures, reflects a slight increase of only 0.5% or \$261,275 in FY2015 compared to the FY2014 adopted operating budget with the former Enterprise Fund totals for Golf and Aquatics included in the comparison.

Debt Service. Total debt service for all funds in FY2015 will be \$12.7 million, of which nearly \$3.7 million will be reimbursed by outside agencies, bringing the net total to just under \$9.0 million. These outside agencies include WKU (100% of Diddle Arena GO Bonds) and Warren County (50% of ITA GO Bonds). The General Fund will ultimately be responsible for \$5.5 million of the total debt service, which represents 9.3% of the General Fund budget. The remaining debt service is covered by Special Revenue funds and the only remaining Enterprise Fund.

A complete outline of the City's Debt Service can be found in **Appendix C**.

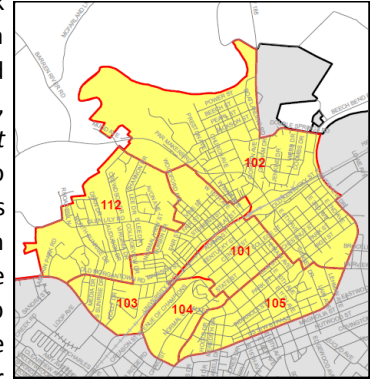

INVESTING IN THE FUTURE

The FY2015 budget includes several elements that reflect the Strategic Plan Goals and identified Top Priorities for the coming year and beyond as established by the Board of Commissioners.

Enhancing Public Transportation. As the newest goal in the City's Strategic Plan, the budget recommendation includes up to \$80,000 to be utilized for improvements to public transit services as best determined by the Board of Commissioners.

BUDGET MESSAGE, *continued*

Initiating BG Reinvestment Area. Through the Community Development Block Grant (CDBG) consolidated planning process it was determined that there is a growing trend of older neighborhoods becoming increasingly rental based and suffering from neglect. Staff recognized the trends in five census tracts (101, 102, 103, 104, 105 & 112) and designated this area as the *BG Reinvestment Area*. Approximately 60% of the annual CDBG allocation will be devoted to making neighborhood improvements within targeted portions of this Area. As part of this year's budget, the City will provide an additional \$200,000 in General Fund dollars for further investments within the Area. Projects will be identified through a collaborative process with staff and neighbors to develop neighborhood improvements that benefit the current and future residents. Once a targeted area is completed, a new area will be selected for investment. The first area selected is Census Block Group 105.2, which comprises Chestnut Street to the By-Pass and from Fairview Avenue to 14th Street.

Developing Stronger Neighborhoods. In addition to initiating the BG Reinvestment Area, another major project identified in the Strategic Plan is the location of a soccer field on the west end of town. This budget includes funds for construction of the soccer field, along with capital project funds for the development of the new West End Park located in the 500 block of Main Avenue and the reinvigoration of Hobson Grove Park with an updated shelter/bathroom and playground. Each of these proposed projects will enhance the quality of life in the neighborhoods being served. A comprehensive parks development plan will also be prepared in the coming year to determine other areas for improvement and growth.

Improving Traffic Flow. The FY2015 budget provides additional General Fund monies toward the annual street resurfacing (overlay) project as well as increases the amount of funds allocated from Liquid Fuel Tax monies. In addition, this budget includes fifty percent (50%) of the total estimated costs for improvements at the intersections of Smallhouse Road and Highland Way and Smallhouse Road and Campbell Lane. Since the entire Smallhouse Road corridor improvement project is not financially feasible, a more localized approach is recommended to address specific intersections one at a time. Although, no new funding is included in the FY2015 budget (funds were included in the FY2013 and FY2014 budgets) for the realignment of Hennessy Way, and up to \$280,000 may be received from the State for the project.

Enhancing Community Walk-ability. As a top priority, the construction of sidewalks has traditionally been budgeted at \$400,000 in prior years. The FY2015 budget proposes to increase funding to \$650,000 for prioritized projects in order to address the needs for more sidewalks in the coming year. Over \$4.4 million has been dedicated toward this program since 2008.

Continuing Focus on Stormwater Mitigation. Also listed as a top priority, this budget continues the efforts which began in 2010 to address stormwater problem-areas throughout the City. Including the amount proposed in the FY2015 capital budget (\$500,000), a total of \$2.75 million has been made available for this on-going program.

NEW AND CONTINUED INITIATIVES

Ending Enterprise Fund Accounting for Golf and Aquatics. The most significant change in this year's budget proposal is the discontinuation of the Enterprise Fund accounting system for the Golf Division and Aquatics Program. The Convention Center Corporation (CCC) will be the only remaining Enterprise Fund from this point forward. In the upcoming FY2015 budget, 4.7% of overall growth in General Fund revenues and 4.4% of expenditures is a direct result of the newly incorporated Golf and Aquatics programs. Furthermore, the Golf Division has continued to reduce operating costs and grow revenues under new initiatives. The total operating budget for Golf has been reduced by over \$466,000 since FY2012. A significant portion of that reduction has been achieved by reducing personnel costs with the elimination and reorganization of several positions.

BUDGET MESSAGE, *continued*

Enhancing Services. The Neighborhood and Community Services (NCS) Department will complete the move to its new location at 707 East Main Avenue to better serve the community. Additionally, renovations to the City Hall Annex are expected to be completed this fall which will expand the data center and facilitate the move of the Law Department and eliminate rental expenses, plus establish a dedicated space for records retention. Other changes included in this budget provide for the transfer of Animal Control from under Police to the Code Enforcement Division in NCS where the program more appropriately aligns with a neighborhood focus.

Improving Technology. This budget continues the replacement of another twelve MDCs (Mobile Data Computers) with tablets in the Fire Department at a cost of about \$12,000. In addition, Information Technology is proposing the replacement of all 110 MDCs in the Police Department. The full replacement is necessary since the current Operating System, Windows XP, reached the end of its useful life in April of this year and will no longer be supported by Microsoft Office. The FY2015 budget also marks the time to start reinvesting in necessary equipment/vehicle replacements that will enhance the City's ability to be as efficient as possible in servicing the needs of the community.

Convention Center Corporation and Parks Capital Project Funds. As mentioned earlier, the Convention Center Fund remains as the only enterprise fund in the FY2015 budget. Hartland Tax District occupational fees support both the Convention Center Corporation (CCC) and the Parks Development Special Revenue Fund. By agreement of the CCC and City, the CCC will begin to return \$300,000 per year of occupational fees for the next five years, to fund parks capital projects. In exchange, the Sloan Convention Center will receive equivalent City funding over time for future capital projects.

Anticipating Unforeseen Sinkholes. Sinkholes are difficult to predict and often unavoidable within a region of karst topography. This budget includes \$75,000 to help address sinkhole repair needs that may develop at any of the City's owned or maintained properties, in particular the golf courses and soccer complex that are vulnerable to such damaging effects.

Expanding Tuition Reimbursement. In order to reduce costs, several changes were made to the employee education assistance program in 2010, including limiting eligibility for reimbursement for master's degrees. The FY2015 budget proposes to revise program guidelines to allow stipends toward master's degrees that relate to the employee's position or logical career path in city government.

Implementing Corridor Mowing Plan. The City, Warren County and Operation P.R.I.D.E. have been developing plans to continue the upkeep of the seven major corridors leading into the city after the cancellation of the Inmate Mowing Agreement in October of 2013. The FY2015 budget includes funds and a new position for City staff to assume the mowing duties of a significant portion of Scottsville Road and Cemetery Road. In addition, the City is providing \$9,000 toward a mowing contract issued by Warren County to maintain Louisville Road.

PERSONNEL SERVICES

The proposed FY2015 budget includes several recommendations regarding employee wages and the workforce complement. The total impact of these recommendations for the General Fund next year will be approximately \$908,300.

Employee Wages. Established City policy is to attempt to provide at least the Department for Local Government (DLG)-established Cost of Living Adjustment (COLA) to reflect the cost of living index, and to provide a merit step increase to eligible employees who meet a certain performance standard. The DLG-announced COLA for 2013 was 1.5%. During the economic downturn in FY2010 and FY2011, the City was not able to give the normal expected pay increases. The proposed budget includes a 2.0% total Cost of Living Adjustment (COLA) and a performance increase for eligible full-time employees. All part-time/temporary employees would receive a \$0.20/hour pay increase to equate to the 2% COLA. An additional \$0.20/hour wage increase is recommended for part-time/temporary employees in pay grades that start at less than \$11/hour in anticipation of a future mandated minimum wage increase. The total cost of the adjustments to employee wages in all funds is approximately \$625,500 in FY2015. The additional cost for the General Fund will be approximately \$606,720, including wage-related fringe.

BUDGET MESSAGE, *continued*

Employees hired or promoted during FY2014 will not be eligible for a merit increase until July 2015. Performance at or above the “competent” level is required for an employee to receive an increase. Since actual step amounts equate to a specific dollar amount depending on the grade an employee falls under, the following are only considered the average expected step increases, with employees closer to the starting rate receiving a greater percentage increase compared to employees near the maximum pay rate for their position:

Overall full-time City workforce	1.28%
General Schedule Employees	1.20%
Public Safety (Sworn) Schedule Employees	1.35%
Firefighters and police officers at one year (grade FP1)	1.64%

Part-time employees who have worked at least a year would also be eligible for a \$0.10/hour step increase (unless the maximum rate would be exceeded for the pay grade). Across all departments, the merit increase will cost the General Fund approximately \$301,590 including wage-related fringe and about \$312,795 for all funds.

Other Personnel Adjustments: The proposed FY2015 budget also includes several other recommendations regarding pay and benefits:

- The budget proposal includes six upgrades, which involve adjusting an employee’s classification and pay grade due to having assumed a more difficult degree of responsibility in their role with the City. None of the changes pertain to upper management positions. The proposed changes are listed in **Appendix D**. The total cost for the upgrades, including wage-related fringe, is \$27,700.
- For a second consecutive year, the County Employee Retirement System (CERS) mandated rates will decline, from 18.89% for non-hazardous employees in FY2014 to 17.67% for FY2015 (-6.46%). The new rate for hazardous-duty employees also reflects a decrease from 35.70% to 34.31% (-3.89%). New legislation passed by the 2013 Kentucky General Assembly in SB 2 (Pension Reform) appears to be stabilizing CERS rates moving into the future.

CERS 10 Year Rate History

Position Budgeting. The FY2015 budget recommends the addition of three full-time and one part-time positions at a total cost of approximately \$181,130:

- A laborer in Public Works Operations due to the department assuming mowing responsibilities along Scottsville Road;
- An office associate in Parks Maintenance, due to internal audit recommendations and the planned implementation of a work order system;
- A grants coordinator position in NCS (the City previously had a grants manager position until 2011); and

BUDGET MESSAGE, *continued*

- A part-time office assistant in Public Works Administration (the department lost a full-time office position in 2009).

During FY2014, three full-time and four part-time positions were eliminated, including: an Accounts Payable Associate position in Finance; combined Parks Maintenance Division Manager position with Golf Course Operations Superintendent position for a net reduction of one full-time position; downgraded a full-time Golf Professional position to a part-time Recreation Staff Assistant Sr. and eliminated two part-time Recreation Staff Assistant positions in Golf; and two part-time Athletic Staff Assistant positions in Fitness. The above FY2014 eliminations combined with the additional recommended positions for FY2015 still results in an overall net reduction to the total workforce complement. The proposed changes are listed in **Appendix D**.

Employee Medical Benefits. Plan design changes that went into effect January 1, 2009 helped stabilize the cost of the employee medical benefit plan. It is noteworthy that total plan costs were less in FY2012 than in FY2008.

Costs rose significantly in FY2013 due to some high claimants and a resulting increase in the insurance premium covering high claims. However, through May 1, total FY2014 costs for the medical, dental and vision benefits are projected to come in about the same as for FY2013. The proposed FY2015 budget projects a 1.0% increase. Any change in employee premiums will be discussed this summer, and any resulting increase would be the first in six years. The trust fund had nearly \$4.3 million at the beginning of FY2014, which is enough to fund the benefits program for ten months without any General Fund contributions, and well above the limit recommended by an actuarial study conducted by the City's insurance consultant last year.

Workers' Compensation. Due to savings achieved by all departments' risk management efforts, rates charged to departmental budgets have been reduced by an average of 8.3% for FY2015. These rates are 60% of those issued by the insurance carrier, and reduced the personnel budget by \$55,000.

Closed Police and Firefighters Retirement Fund. The City is committed to the solvency of the Police and Firefighters Retirement Fund. This is a closed defined benefit plan composed of long-time retired police officers and firefighters and their beneficiaries. The January 1, 2014 actuarial report indicated the Retirement Fund was 97.3% funded. The City is again proposing to contribute \$400,000 and continue paying the fund's administrative expenses of approximately \$20,000 to keep the unfunded liability level low and to support a cost of living adjustment of 1.5%, which was approved by the Fund's Board of Trustees at its April 2014 quarterly meeting.

CAPITAL IMPROVEMENT PROGRAM

The proposed FY2015 Capital Improvement Program (CIP) will continue to address goals targeted for action on the Strategic Plan agenda established by the Board of Commissioners. The CIP totals \$20,247,675, including all funds and debt for the coming year. This is about \$2.0 million less (-9.0%) than the adopted FY2014 program.

Last year, \$300,000 of unassigned fund balance was budgeted to cover capital projects paid for by the General Fund. The proposed FY2015 budget does not impact the unassigned fund balance, meaning all of the recommended capital projects included in the General Fund budget will be paid for by FY2015 operating revenues.

BUDGET MESSAGE, *continued*

Next year's capital budget consists of 37% new projects and 63% for payments on existing debt.

A complete outline of the proposed Capital Improvement Program can be found in **Appendix E**. The three-year capital improvement plan will be prepared and presented to the Board of Commissioners later this fall.

AGENCY APPROPRIATIONS

A total of \$1,245,700 is being allocated for contract agencies and the City's United Way contribution, which is based on a dollar for dollar match of employee pledges. The FY2015 recommended budget proposes to maintain the agencies at the FY2014 amount. However, as mentioned earlier, up to \$80,000 has also been set aside in the budget for an additional allocation to Community Action of Southern Kentucky to enhance public transit services as determined by the Board of Commissioners. This would bring the total agency allocation up to \$1,325,700 for FY2015.

Additionally, another \$10,000 has been set aside in this budget to combine with the unspent FY2014 funds (currently over \$40,000) for the City's share of required grant matches for identified airport improvement projects.

On a related note, in 2008 the Board of Commissioners directed that any excess Gas Franchise money received in a given year over \$200,000 be appropriated to the BG/WC Welfare Center. The funding is to provide natural gas payment assistance or weatherization assistance to low income citizens of the City. As a result of the colder than normal winter this past year, the Welfare Center is also receiving an additional allocation in the amount of \$15,361 at the end of FY2014.

With the FY2015 budget, agency funding continues to comprise about 2.3% of the proposed General Fund expenses. A complete list of the contract agencies is contained in **Appendix F**.

CONCLUDING THOUGHTS

There is an old adage that goes: "If you want to know what a man values, discover what he spends his money on". This wisdom is also helpful as we attempt to match the FY2015 budget against our stated values.

If this melding of word and deed is to be successful, the City must first have a clear vision of who we are and what we value. Although problems come and go, we have benefitted by a central vision that has largely remained unchanged:

"The City of Bowling Green seeks to provide the best municipal services at the lowest appropriate cost; to create jobs and economic opportunity for our citizens; and to improve the quality of life and community for all residents."

The efforts to achieve this vision can be found in our Annual Operating Budgets.

Our track record of matching *words to action* points to a city government that has made a difference in the lives of its citizens and improved their quality of life. This is especially evident with respect to job creation, economic opportunity and a more vibrant downtown. Consider if you will that since 2006, the City has:

BUDGET MESSAGE, *continued*

- Helped to create over 1,600 new jobs through its Job Development Incentive Program (JDIP) providing over \$5.3 million to those businesses.
- Provided \$1.3 million annually to pay one-half of the debt service on the Intermodal Transportation Authority's (ITA) bonds.
- Allocating over \$1 million in debt service savings back to the ITA for needed development of the Transpark's infrastructure.
- Contributed \$125,000 annually to the marketing efforts performed by the BG Area Chamber of Commerce.
- Providing \$70,000 for two years toward the Chamber's new Workforce Coordinator position to help businesses match labor to their open job vacancies.
- Issued a \$25 million general obligation (GO) bond to build the BG Ballpark, with the City paying its annual mortgage of \$1.6 million.
- Committed to providing City funds to backstop any shortfall in the Hitcents Park Plaza Wrap development.
- Led in the creation, implementation and success of the WKU Gateway to Downtown Bowling Green Tax Increment Financing Plan (TIF) by providing over \$600,000 in incremental City taxes since its inception. Contributions are now expected to annually exceed over \$300,000 in support of the Downtown TIF.

With respect to this goal alone, the City will commit more than \$3.5 million of its annual General Fund tax dollars toward job creation and community development in FY2015.

If one were to drill down into the annual budgets over this same period, it will show a city government that has also invested heavily in new roads, sidewalks, public safety, stormwater, recreation and neighborhood services. This matching of spending to values has resulted in a visually more viable *Bowling Green*. This did not happen by accident, but by the budgetary actions of the Board of Commissioners.

Spending, however, is but one side of the budgetary equation. Equally important, if not more so, is how these values are paid. Here, too, our past budget performance on the financing side is noteworthy as we have been able to build a more dynamic city without raising taxes, depleting reserves or going further into debt. This was accomplished by reducing our employee census, separating our needs from our wants, significantly changing our spending culture, and reducing our overall cost footprint. Some of these financial moves were implemented in-part during a time of recession and falling revenues. Special acknowledgement goes out to our staff who have had to work harder with less help and for less financial reward. Thank you Bowling Green City employees!

Although we are far from flush, for the first time since 2010 we can see a partial light at the end of the long tunnel. The redefinition of our spending habits, coupled with modestly improving revenues, will allow us to continue the City's legacy of excellence in municipal services and progressive community building.

We believe the FY2015 City Manager's budget recommendation will again effectively marry our financial decisions to our values without raising taxes, incurring new debt or using reserve funds.

As always, the budget team stands ready to assist the Board of Commissioners in its deliberation of this recommendation.

SELECTED FINANCIAL POLICIES

SELECTED FINANCIAL POLICIES

The succeeding financial policies are contained in a comprehensive City Financial Policies & Procedures publication. The most recent version was adopted via Municipal Order No. 2011-215 by the Board of Commissioners on November 15, 2011.

BUDGET MANAGEMENT

1. The City Manager, or his designee, is responsible for preparing and submitting an Annual Operating Budget and a Capital Improvement Plan to the City Board of Commissioners for formal review and adoption.
2. The Assistant City Manager is responsible for issuing the budget calendar, coordinating all budget activities and preparation of the Annual Operating Budget as well as the day-to-day management of the Annual Operating Budget.
3. The Chief Financial Officer is responsible for preparation of the annual revenue budget projection for the General Fund and other major funds. Budgeted expenditures for the General Fund and other major funds must be equal to or less than the budgeted revenues for the General Fund and other major funds, unless the use of fund balance for one-time capital-related expenditures is determined to be feasible by the staff budget team.
4. Budget amendments are defined as changes to the Annual Operating Budget which increase or decrease revenues, expenditures, or reserves in an operating fund above or below the levels adopted by the original Budget Ordinance for the Fiscal Year. Amendments are approved by Ordinance of the City Board of Commissioners.
5. Budget transfers are defined as changes to the Annual Operating Budget revenues, expenditures, or reserves in an operating fund as adopted in the original Budget Ordinance for the Fiscal Year. Departments may request transfer of appropriated amounts within certain accounts in their own budgets or with contingency funds requested through the Assistant City Manager. The Comptroller may transfer within or between any one or more City departments, agencies, programs, or accounts in any one City fund to reconcile over or under spending.
6. Annually, as part of the budget process, the Comptroller shall review all planned expenditures recommended in all of the City's special revenue funds for the next fiscal year to determine whether or not each expenditure meets the special purpose of the fund.

DEBT AND DEBT SERVICE

1. The objectives of the City of Bowling Green Debt Policy are:
 - A. Minimize debt service and issuance costs;
 - B. Maintain access to cost-effective borrowing;
 - C. Achieve the highest practical credit rating;
 - D. Full and timely repayment of debt;
 - E. Maintain full and complete financial disclosure and reporting;
 - F. Ensure compliance with applicable State and Federal laws.
2. The Finance Department shall be responsible for the preparation of debt service schedules including forecasts of short and long-term borrowing for planned expenditures in future years.

SELECTED FINANCIAL POLICIES, *continued*

3. The City has established the following purposes for debt issuance:

Long-term borrowing may be used to finance the acquisition or improvement of land, facilities, or equipment for which it is appropriate to spread these costs over more than one budget year. Long-term borrowing shall not be used to fund City operating costs.

Short-term borrowing, such as commercial paper and lines of credit.

Refunding will be considered (within federal tax constraints) if and when there is a net economic benefit of the refunding of at least three percent (3%) of the refunded debt.

4. The City may also desire to issue debt obligations on behalf of external agencies for the purpose of constructing facilities or assets which further the goals of the City Government.
5. The City will keep outstanding debt within the limits of the Kentucky Revised Statutes and any other applicable law.
6. The City seeks to obtain and maintain the highest possible credit ratings for all categories of short and long-term debt. The City will not issue bonds directly or on behalf of others that do not carry investment grade ratings.
7. The following structural features are hereby established by the City:

Debt Repayment. The City shall structure its debt issues so that the maturity of the debt issue is consistent with the economic or useful life of the capital project to be financed.

Variable-rate Debt. The City may choose to issue securities that pay a rate of interest that varies according to a pre-determined formula or results from a periodic remarketing of securities.

Derivatives. Derivative products may have application to certain City borrowings. The Chief Financial Officer shall evaluate the use of derivative products on a case-by-case basis.

8. The City shall work with a qualified outside Financial Advisor and Bond Counsel in addition to qualified internal staff to assist in the analysis, evaluation, and decision process related to the issuance of long-term bonds or notes.
9. The City is committed to full and completed primary and secondary market financial disclosure in accordance with disclosure requirements.
10. The Department of Finance shall maintain a system of record keeping and reporting to meet the arbitrage compliance requirements of the federal tax law.

INVESTMENTS

1. It is the policy of the City to invest public funds in a manner which will provide the highest investment return with the maximum security of principal while meeting daily cash flow demands and conforming to all state statutes and regulations governing public funds.
2. Investments shall be placed only as follows:
 - A. With financial institutions or brokers/dealers which maintain an office located within the City limits of Bowling Green; or,
 - B. With a parent or subsidiary of a financial institution which maintains a full-time office located within the City of Bowling Green; or,
 - C. Through authorized investment pools through either the Commonwealth of Kentucky or the Kentucky League of Cities.

SELECTED FINANCIAL POLICIES, *continued*

3. The City of Bowling Green's primary investment objectives, in order of priority, are the following:
 - A. *Safety.* Safety of principal is the foremost objective of the City's investment program.
 - B. *Liquidity.* The City's investment portfolio shall remain sufficiently liquid to meet all operating requirements which might be reasonably anticipated.
 - C. *Return on Investment.* The City's investment portfolio shall be designed with the objective of attaining a market rate of return.
4. The actions of the Chief Financial Officer as manager of the City's funds shall be evaluated using the "prudent person" standard.
5. City investment funds shall only be invested in the following types of instruments in accordance with this policy and all applicable State Statutes:
 - A. Obligations of the United States and of its agencies and instrumentalities, including obligations subject to repurchase agreements.
 - B. Obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States or a United States government agency.
 - C. Obligations of any corporation of the United States government.
 - D. Certificates of deposit or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC).
 - E. Bonds or certificates of indebtedness of the Commonwealth of Kentucky or of its cities, counties, agencies and instrumentalities.
6. Diversification of the City's investment portfolio by institution, type of investment instrument, and term to maturity shall be the primary method to minimize investment risk. To the extent possible, the City will attempt to match investments with anticipated cash flow requirements.
7. It is the policy of the City to require all cash and investments maintained in any financial institution named as depository be collateralized. The collateralized level shall be at least 100% of the market value of principal after any applicable FDIC coverage. Collateral shall be limited to the types of instruments authorized as collateral for State funds in KRS 41.240.

FUND BALANCE

1. The Fund Balance Policy is intended to provide guidelines during the preparation and execution of the annual budget to ensure that sufficient reserves are maintained for unanticipated expenditures or revenue shortfalls.
2. The Fund Balance is the balance of funds available for spending and consists of five categories:
 - Nonspendable Fund Balance
 - Restricted Fund Balance
 - Committed Fund Balance
 - Assigned Fund Balance
 - Unassigned Fund Balance

SELECTED FINANCIAL POLICIES, *continued*

3. When both restricted and unrestricted funds are available for expenditure, restricted funds should be spent first unless legal requirements disallow it. When committed, assigned and unassigned funds are available for expenditure, committed funds should be spent first, assigned funds second, and unassigned funds last.
4. The Board of Commissioners has the authority to set aside or constrain funds for a specific purpose with the passage of a Municipal Order.
5. The desired minimum Fund Balance in the General Fund shall be 20% of estimated revenues adopted in the upcoming fiscal year budget. Furthermore, additional committed or assigned fund balance that is set aside may be carried forward to future fiscal years to fund new projects or one-time expenditures.
6. Unassigned Fund Balance may be accessed in the event of unexpected expenditures upon approval of a budget amendment by the Board of Commissioners.

FIXED ASSETS

1. The Department of Finance shall maintain a General Fixed Asset Group of Accounts in order to safeguard municipal vehicles, equipment, land, buildings, improvements, intangible property, and facilities. The Finance Department shall also conduct random physical inventory verifications in addition to a bi-annual citywide physical inventory.
2. All fixed assets shall be valued at historical cost or estimated historical cost if the actual cost is not available. Donated assets shall be recorded at the Fair Market Value.
3. Public domain infrastructure assets consisting of certain improvements other than buildings and including such items as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems shall be included in the City's records.
4. Assets with a life expectancy of two (2) years or more, equipment with a value of \$5,000 or more, and land, buildings and improvements with a value of \$25,000 or more shall be recorded as fixed assets in the general ledger by the Department of Finance.
5. No item or property belonging to the City shall be disposed of unless:
 - A. The department requests disposal of the item or property to the Purchasing Agent.
 - B. The Purchasing Agent classifies the item or property surplus and secures a written determination from the City Manager.
 - C. Surplus property may only be disposed of in one of the following manners:
 1. Transferred to another governmental agency with or without compensation.
 2. Sold at public auction.
 3. Sold by sealed bid in accordance with KRS 45A.365.
 4. If no bids are received, the item or property may be disposed of as deemed appropriate by the department and the Purchasing Agent.
6. Controlled assets are defined as those assets with a life of two (2) years or more and a value less than \$5,000 and as having special legal, safety, and/or heightened risk of theft characteristics that require them to be tracked; such as handguns, items acquired through grant contracts, and electronic equipment.

Fund Descriptions:

General Fund—is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. Typically serves as the chief operating fund of a government. The revenues for this fund are generated from taxes, occupational fees, licenses and permits, intergovernmental sources, and charges for services.

Special Revenue Fund—a governmental fund type used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects and exclusive of resources held in trust for individuals, private organizations, or other governments.

Capital Project Fund—is used to account for financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition and/or construction of major capital projects, such as buildings, parks, streets, bridges and other City facilities, infrastructure, and equipment. The primary revenue sources in this fund are bond proceeds, grant receipts, transfers from other funds and developer contributions.

Debt Service Fund—is a governmental fund type used to account for accumulation of resources that are restricted, committed, or assigned to fund debt service and actual principal and interest payments.

Enterprise Fund—a proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

Internal Service Fund—a proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to the other governments, on a cost-reimbursement basis.

BUDGET PROCESS

The City's Annual Operating Budget is adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the general, special revenue, debt service and capital project funds. A budget is not prepared for the City's permanent fund. The City utilizes the same basis of budgeting and accounting for each type of fund as described below.

The City utilizes two bases for budgeting: Modified Accrual Basis and the Accrual Basis.

- The **modified accrual basis of budgeting** is the basis of accounting under which expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred and revenues are recorded when received in cash except for material and/or available revenues, which should be accrued to reflect the taxes levied and revenue earned. City funds that are accounted for using the modified accrual basis are the General Fund, special revenue funds, and the capital project funds.
- The **accrual basis of budgeting** is the basis under which revenues are recorded when earned and expenditures are recorded as liabilities for benefits where received, notwithstanding that the receipt of the revenue or the payment of the expenditure may take place in another accounting period. Accrual basis is utilized to account for proprietary funds, which include the Enterprise fund (Convention Center Corporation fund) and Internal Services funds (Fleet Maintenance, Workers Compensation, Property & Casualty Insurance and the Health Insurance funds).

According to State Statute, each city must adopt an annual budget ordinance covering one fiscal year (July 1 to June 30) that controls how revenue is raised and funds are expended. For the City of Bowling Green, all departments submit requests for appropriations to the Budget Team. The Budget Team meets with each department head and reviews the new budget year requests. The budget is prepared by fund, function and activity and includes information of the prior year, current year and requested appropriations for the next fiscal year.

In cities that operate under the City Manager form of government, it is the City Manager's responsibility to prepare a budget proposal and message, which must be submitted to the legislative body at least 30 days prior to July 1st. The budget message explains revenue changes and expenditure goals, any significant changes in program goals and appropriations, and any important budget features or major changes in financial policy. Following its submission to the Board, the City Manager presents the recommended budget at a public meeting. The budget is legally enacted through passage of an ordinance by June 30th.

The Assistant City Manager is authorized to transfer budgeted amounts between departments within any fund. The Comptroller is authorized to prepare periodic budget amendments throughout the fiscal year that are passed by an ordinance of the Board of Commissioners. The budget amendments provide supplementary appropriations as necessary to ensure expenditures do not exceed budgeted appropriations at the activity level.

Schedule of Events

- ◆ Feb. 3-28 (all month)—Fleet Manager will work with departments to review the City fleet of vehicles and equipment to update suggested retention and replacement schedules. A preliminary list of prioritized recommended replacements with estimated costs should be provided to each Department Head (DH) and to the Asst. City Manager (ACM) by March 12th.
- ◆ Feb. 4, 6 & 7— Three budget training sessions will be offered in the City Hall (CH) 3rd Floor Conference Room to learn and/or refresh your knowledge of the Logos software system and Budget Maintenance entry/edit process. Please sign-up for one of the sessions offered by accessing Doc. #341552 (see [blue](#) tab). Remember to save and close the document when done so others can also access the document.
- ◆ Feb. 5—Senior Management (SM) staff will meet at the Sloan Convention Center to discuss the outcomes from the BOC Strategic Goal Planning Session.
- ◆ Feb. 10—ACM to initialize Budg. Maint. for departments to begin entering/editing budget data (revenues/expenses) in Logos "Live".
- ◆ Feb. 21—All departments' computer hardware and/or software requests for the FY2015 budget are due to the Chief Information Officer by close of business. IT will work with each department to evaluate and prioritize the requests. The request form can be found in DM by accessing Doc. #283606.
- ◆ Feb. 24—Payroll, HR and ACM will update and apply any benefit/tax rate changes for FY2015 and begin testing position calculations in Position Budgeting (PB Phase 2). Initial entry, calculations, testing and promoting (PB Phase 3) to be complete by March 14th.
- ◆ Feb. 25-26—Basic training will be offered in the CH 3rd Fl. Conf. Rm. to departments on how to efficiently and effectively use MS Publisher for updating Department Budget Summary data sheets which are to be included in the final department budget packets. Please sign-up for one of the sessions offered by accessing Doc. #341552 (see [green](#) tab).
- ◆ Feb. 28—All new position and reclassification/upgrade completed request forms are due to the Human Resources Director by close of business for evaluation, cost determination and recommendation to the City Manager. Copies of the completed forms should also be included in the final department budget packets.

March 2014

Fiscal Year 2014/2015 Budget Planning Schedule

Sun	Mon	Tue	Wed	Thu	Fri	Sat
						1
2	3 Additions to Insurance Coverage Due	4	5	6 Agency Budget Form Distrib.	7	8
	Employee Committee Meetings					
9	10	11	12 Fleet Recommendations Due	13	14 Initial PB Entry Deadline	15

30	31					
	Department Meetings with Budget Team					

Schedule of Events

- ♦ Mar. 3—Any new construction, renovations, vehicles or capital purchases that require insurance coverage will require an insurance form to be completed and must be turned in to the Safety/Risk Manager by close of business. The Insurance Budget Planning Form can be found on The CLICK.
- ♦ Mar. 5-12—Employee committee meetings to be scheduled. Committee representatives will have the opportunity to present and discuss budget related issues with the City Manager, and receive a budget planning progress report.
- ♦ Mar. 6—Asst. City Manager (ACM) to distribute budget request forms to qualified contract agencies for FY2015 funding consideration.
- ♦ Mar. 12—Fleet Manager to provide a list of prioritized vehicle/equipment replacement recommendations with estimated replacement costs to each appropriate Department Head (DH), with a complete list for all departments to be provided to the ACM.
- ♦ Mar. 14—HR, Payroll and ACM to have substantially completed the initial entry, calculations and promoting for Position Budgeting (PB Phase 3). The personnel figures will exclude any FY2015 pay adjustments, with the exception of any required changes to taxes and benefits. This data will give departments the ability to printout complete budget reports which reflect the current costs for existing personnel.
- ♦ Mar. 17—All revenue and operating expenditure entry/editing should be completed by each responsible department. Departments are NOT to enter any CIP or Supplemental/NEPS requests in Logos.
- ♦ Mar. 21—Six (6) complete departmental budget recommendation packets are to be delivered to the ACM by close of business for distribution to the Budget Team. Each packet should outline requests for maintaining current level of services and any proposed cost increases (other than inflationary), as well as prioritized recommendations for any new position/reclassifications, CIPs and new and/or expanded program or service (Supplemental/NEPS) requests.
- ♦ Mar. 25-Apr. 1—Meetings will be held with each DH and the Budget Team to review and discuss each department's budget request/recommendation in detail.

19	20	21	22	23	24	25
26	27	28	29	30	31	

Schedule of Events

- ♦ Oct. 1—Municipal Order and final Multi-Year Capital Improvement Program (CIP) report to be filed with the City Clerk's office to meet the agenda deadline for consideration at the Board of Commissioners (BOC) first regular meeting in October.
- ♦ Oct. 7—BOC to consider approval of Multi-year CIP for FY2015-FY2018 at the 7:00 p.m. meeting.

MAJOR REVENUE SOURCES

MAJOR REVENUE SOURCES—ALL FUNDS

Occupational fees are the City's largest and most important revenue source and are budgeted to total \$42,937,500 in FY2015. Occupational fees include net profit fees, employee withholding fees, business registrations and transient fees. The fees are collected by the City and posted in the General Fund and two special revenue funds. On average, about 97.0% of occupational fees are collected within 45 days of the due date. The budget for occupational fees is determined by staff analysis of past collection trends and the current local economy. Factors that are considered in developing the budget are plant opening and closings and business expansions.

- **Employee withholding fees** are withheld from employee gross wages earned within the City limits at the rate of 1.85%. Withholding fees are remitted to the City by local businesses on a monthly or quarterly basis. This revenue source is estimated to generate over \$34,700,000 for FY2014.

- **Net profit fees** are assessed to local business at the rate of 1.85% of net income earned within the city limits of Bowling Green. The net profit fees are filed with the City annually based on each businesses' normal tax year. Over \$7,600,000 is expected to be collected for the fiscal year ending June 30, 2014.

MAJOR REVENUE SOURCES—ALL FUNDS , *continued*

Taxes are the City's second largest source of revenue and are budgeted to total \$16,213,000 during FY2015. Taxes are comprised of property taxes, insurance premium taxes and franchise taxes.

- **Property taxes** include payments for real and personal property taxes, motor vehicle & boat taxes, franchise taxes, and payments in lieu of taxes. Real property taxes are based on the current property assessment at the rate of 0.206 per \$100 and tangible personal property is taxed at 0.260 per \$100. The taxes are collected by the City and posted in the General Fund and enterprise fund. Property taxes are expected to generate approximately \$11,000,000 for the fiscal year ending June 30, 2014, this increase is due to rising assessments. Approximately 99.1% of property taxes are collected within six months of the due date. The property tax budget is based on the tax roll provided to the City by the Warren County Property Valuation Administrator.

- **Insurance premium taxes** are collected by insurance companies on insurance policies held inside the city limits and remitted to the City on a quarterly basis. The current rates are 7% for fire and inland marine insurance and 2% on casualty, liability, vehicle, health and life insurance. Insurance premium taxes are deposited into the General Fund and the Fire Improvement Fund. For FY2014, these revenues are projected to produce \$3,400,000 between the two funds. The insurance premium tax budget is developed in the same manner as the budget for occupational fees. Past trends and current factors are considered by staff.

[Quick link to Table of Contents](#)

MAJOR REVENUE SOURCES—ALL FUNDS, *continued*

- **Franchise Taxes** are collected from telecommunication and banking companies and are deposited into the General Fund. The budget for franchise fees is determined by contracts held with each industry. This revenue source is expected to produce approximately \$1,100,000 during FY2014.

Intergovernmental revenue includes grant proceeds received from federal, state and local governmental entities. This source of revenue can be deposited into any City fund, but is primarily accounted for in special revenue funds. The intergovernmental budget is determined by estimating grant proceeds based on past awards and current pending awards. This source of revenue has significant changes from year to year. The increase in 2010 can be attributed to additional funding for transit programs and the American Reinvestment Recovery Act of 2009.

MAJOR REVENUE SOURCES—ALL FUNDS, *continued*

Transfer-in revenue includes monies from City funds that are moved to other City funds. For example, the General Fund provides funding to several capital project funds in the form of ‘transfer-in’ revenue. The budget for transfer-in revenue is determined annually based on the capital improvement plan and current financial needs.

* The increase in General Fund revenue and expenditures is due to the reclassification of the Golf and Aquatics programs from Enterprise Funds to the General Fund, effective with the FY2015 budget.

** The use of fund balance during FY2014 in the General Fund is due to increased transfer-out appropriations to Capital Project funds; while the use in non-major governmental funds is a result of the payoff of \$6,125,000 in ITA debt (Series 2004C) from escrowed funds and construction costs related to Public Safety 800 radio infrastructure replacement (over \$6,000,000) and the renovation of two City buildings (over \$2,000,000).

APPENDIX C

DEBT

LEGAL DEBT LIMIT

The City of Bowling Green is subject to a legal debt limitation not to exceed 10% of total assessed property value within the city boundaries under Section 158 of the Constitution of the Commonwealth of Kentucky.

<u>Legal Debt Margin Calculation</u>		
Assessed value (est)		\$ 4,941,833,867
Debt Limit (10% of assessed value)		494,183,387
Debt applicable to limit:		
General Obligation bonds	110,575,004	
Notes and Capital Leases payable	2,483,090	
Less: Non tax-supported debt	<u>(21,666)</u>	
Total net debt applicable to limit		<u>113,036,428</u>
Legal debt margin		<u>\$ 381,146,959</u>

The City is subject to a legal debt margin of \$381,146,959.00, which is well above current debt levels.

Also, it should be noted that the City improved it's credit rating from AA- to AA with the Standard & Poor's Rating Agency in early 2014. The AA rating reflects Standard & Poor's assessment of the City based on very strong budgetary flexibility; strong liquidity or a high measure of availability of cash to service both debt and other expenditures; strong management supported by good financial management practices such as the ability to maintain a General Fund balance of at least 20% of general fund revenues; a strong economy with WKU as a stabilizing factor along with GM's Corvette Plant and Fruit of the Loom; and adequate overall budgetary performance.

FY2015 Deletions:

Finance—eliminated full-time Accounts Payable Associate position.

Parks & Recreation—eliminated 2 part-time Recreation Staff Assistant I positions in Golf, eliminated 2 part-time Athletic Staff Assistant II positions in Fitness, combined the Parks Maintenance Division Manager with Golf Course Operations Superintendent position, and downgraded a full-time Golf Professional position to a part-time Recreational Staff Assistant Sr position.

[Quick link to Table of Contents](#)

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

The Capital Improvement Program (CIP) is the annual plan or schedule of project expenditures for public facilities and infrastructure (buildings, roads, parks, etc.) with estimated project costs and sources of funding, including debt service payments. It is updated annually to reflect changes in funding availability or priorities.

A capital improvement is defined as an expenditure over the amount of \$25,000 with an expected lifetime of five years or more. While many individual vehicles and pieces of equipment do not cost \$25,000, replacement of several pieces of equipment is included in the CIP when the aggregate is more than \$25,000. Professional studies and technical services costing at least \$25,000 may also be included in the CIP when those studies will likely lead to a future construction project.

Work on development of the FY2015 Capital Improvement Program began in February. The estimated cost of requested projects and equipment always exceeds available resources, thus projects must be prioritized, and alternate sources of revenue sought.

The total Capital Improvement Program, including all funds and debt service, is \$20,247,675. Excluding debt service, the proposed capital budget is \$7,561,975, of which \$3,924,975 is General Fund. Total debt service payments for FY2015 are budgeted at \$12,685,700 with \$5,524,200 coming from General Fund revenues, including the \$1.6 million for the Ballpark bond issue and \$1.1 million for the City's share of the ITA debt. Reimbursements from WKU and Warren County will reduce the actual debt service paid by the City to \$8,982,700. No new debt is being proposed in FY2015.

The size of the capital budget dropped 20-25% per year from FY2007 to FY2010. The FY2015 CIP recommendation reflects a decreased total CIP compared to prior year due to a reduction in debt and fewer non-General Fund projects. However, the General Fund supported projects have increased by \$1.4 million or 56% compared to FY2014. The following chart compares the total proposed capital budget with those adopted each of the last seven fiscal years; debt service; General Fund projects excluding debt; and debt as a percentage of the CIP.

FISCAL YEAR	TOTAL CIP	DEBT ONLY	GENERAL FUND EXCL DEBT	DEBT AS % OF CIP
2007	\$33.4 M	\$ 8.9 M	\$6.4 M	26.6%
2008	\$25.5 M	\$10.1 M	\$4.4 M	39.6%
2009	\$18.8 M	\$11.1 M	\$1.8 M	59.0%
2010	\$15.4 M	\$12.4 M	\$ 0	80.5%
2011	\$16.1 M	\$13.3 M	\$525,000	82.7%
2012	\$18.3 M	\$13.2 M	\$2.7 M	72.0%
2013	\$19.1 M	\$13.3 M	\$2.7 M	69.8%
2014	\$22.3 M	\$13.2 M	\$2.5 M	59.2%
2015	\$20.2 M	\$12.7 M	\$3.9M	62.6%

(in millions)

CAPITAL IMPROVEMENT PROGRAM, *continued*

The following provides a brief description of all projects and equipment included in the FY2015 Capital Improvement Program.

SLOAN CONVENTION CENTER: \$166,000 (paid from Convention Center Enterprise Fund)

Banquet Smallware Replacement - \$50,000: Several banquet items will be replaced including chafing dishes, coffee urns, and hotboxes used to keep plated food hot after transport from the kitchen.

Internet Upgrade - \$60,000: The internet service in the convention center will be upgraded, including multiple wireless access points, updated software, and cable and switch installation.

Trash Compactor Replacement - \$30,000: The large trash compactor next to the loading dock is in need of replacement.

Parking Lot Resealing/Repair - \$26,000: The convention center parking lot will be repaired, resealed and restriped.

HUMAN RESOURCES & RISK MANAGEMENT: \$236,000

Install Fire Sprinkler System in City Hall - \$150,000: A sprinkler system will be installed in the historic City Hall building per a recent risk management recommendation and the long-term facilities maintenance plan adopted in 2006.

Bleacher Replacement - \$86,000: Nineteen Parks & Recreation bleachers at four different parks will be replaced with those that conform to current safety standards.

INFORMATION TECHNOLOGY: \$433,500

Police MDC Replacement - \$385,000: 110 mobile data computers were purchased and installed in police cars six to seven years ago, using federal grant funds. The equipment is becoming obsolete and hard to repair, and added software has pushed the units to their limit. Replacement is the top IT priority this year.

BOLT/Property Tax System Software Replacement - \$48,500: Outdated software used for business and occupational license fees and property taxes will be replaced with software that is integrated with the City's financial software system.

POLICE: \$584,000

Taser Replacement - \$30,000: Tasers have a useful life of approximately five years. Many of the department's tasers are over eight years old, and will be replaced over a three-year period. This will be the first year of replacement.

In-Car Camera Unit Replacement - \$110,000: The in-car cameras in police vehicles are being replaced over a multi-year period, upgrading a defunct system. Twenty cameras will be purchased each year at an estimated unit cost of \$5,500. This will be the first year of the phase-in.

Vehicle/Equipment Replacement - \$444,000: Twelve police cars will be replaced, at an estimated base cost of \$25,000 per car plus \$12,000 to outfit each vehicle for police use, including the new in-car camera system.

CAPITAL IMPROVEMENT PROGRAM, *continued*

FIRE: \$164,000 (paid from Fire Improvement Fund)

Mobile Public Education Center - \$140,000: A trailer will be purchased and uniquely-equipped to provide a fire prevention education center to improve community awareness of different aspects of public safety. The mobile center will be customized to provide education on disaster preparedness, fire extinguisher safety, child to senior-specific training scenarios, and many variations of training props.

Vehicle/Equipment Replacement - \$24,000: A 2004 staff vehicle will be replaced.

PUBLIC WORKS: \$4,478,475

Street Resurfacing - \$1,200,000: This on-going program provides for resurfacing of streets according to priorities determined from the pavement management system. \$1 million in State Liquid Fuel tax revenues plus \$200,000 in local tax dollars will be used to resurface approximately 5.6 miles of roadway, given standard road conditions and fuel prices. This is a 30% increase over the normal annual budget for street resurfacing, and the first time in a number of years that local revenues will be added to supplement State funding for street resurfacing.

Sidewalk Reconstruction Program - \$100,000: This on-going program replaces sidewalks, curb and gutter. The primary focus is to replace existing sidewalks to improve trip hazards and ADA compliance. The department employs a corridor approach, improving entire blocks rather than individual locations. Funds will be allocated from Liquid Fuel Tax revenues.

Stormwater Mitigation Program - \$500,000: The City has allocated over \$2 million in local tax revenues to mitigate stormwater problems since the May 2010 flooding in Bowling Green. The Public Works Department has identified over 60 potential large scale drainage improvement projects of varying size and scope throughout the City that will take a number of years to fully implement. This budget commits another \$500,000 to help address the backlog. Project prioritization is scheduled to occur in July. Projects could range from deepening an existing basin, to constructing a new retention basin from scratch, to any number of smaller projects. Costs depend greatly upon the conditions such as rock, level of protection desired (75 or 100-year storm), and market conditions for bids.

Sidewalk Improvement Program - \$650,000: This priority project was initiated in FY2008 to foster a “walkable” city by providing sidewalks in commercial and high-traffic residential areas where none exist. Since that time, 8.35 miles of new sidewalk have been constructed. An additional 11,600 linear feet of new sidewalk is pending construction for FY2014 projects. The FY2015 budget increases the usual allocation of funds from \$400,000 to \$650,000 for this program, all utilizing local tax revenues.

Equipment/Vehicle Replacement - \$525,000: Ten pieces of equipment will be replaced in the Public Works Department: two leaf machines at \$38,000 each; three crew cab construction dump trucks at \$85,000 each; two crew cab trucks at \$35,000 each; a crew cab single axle dump truck at \$65,000, a crew cab truck with lift gate at \$35,000; and a 4x4 mid-size four-door SUV at \$24,000.

McLellan Road Improvements - \$150,000: With increased traffic due to the build out of Greystone subdivision, McLellan Road needs widening from Nashville Road to just beyond Greyrock Drive. The project will include addressing drainage concerns and an overlay of the entire length of McLellan.

Smallhouse Road Localized Improvements Phase I - \$1,072,500: Congestion on two-lane Smallhouse Road is a major issue but the cost for right-of-way and utility relocation to provide a full corridor improvement would be very expensive. A key fundable improvement is to widen the roadway between Highland Way and Campbell Lane, to reduce back up of traffic at the Campbell Lane intersection. Improvements would include a two-way left turn lane for that length of road and necessary turn lanes at Highland Way, plus curb and gutter, stormwater management, and minor traffic signal modifications. The entire project is expected to cost over \$2.1 million including professional services and property acquisition. Half of the total cost is budgeted in FY2015 using local tax revenues, with the other half planned for FY2016.

CAPITAL IMPROVEMENT PROGRAM, *continued*

SCKY Industrial Park Road Improvements - \$100,000: Road and signage improvements will be made in the South Central Kentucky Industrial Park in order to reduce potential safety issues and improve traffic circulation.

Fleet Management Facility Roof Repair - \$25,000: The roof on the main building where City vehicles, trucks and other equipment are repaired and maintained has developed a significant number of leaks and will be cleaned, primed, sealed and coated.

Operations Parking Lot Improvements - \$35,000: This project is to place concrete pavement on a portion of the lot at the Public Works Operations facility on Lapsley Lane. This portion is widely used by heavy equipment and vehicles, will provide better access to and from the lot, and a better location to work on certain equipment. The estimated cost is for materials, with work to be performed by City employees.

Public Works Administration Building Roof Replacement - \$25,300: A long-term maintenance plan recommended replacement of the roof on the Public Works Administration building in 2009, but it was deferred due to economic conditions. The single-ply membrane roof and coping will be replaced.

Hobson House Interior/Exterior Improvements - \$30,675: The City owns Riverview at Hobson Grove and is responsible for major building improvements and repairs. The proposed work includes repointing and waterproofing the exterior walls, painting interior walls and exterior trim, replacing four solid wood doors that are warped and/or cracked, repairing holes in the exterior brick mortar, and addressing signs of water damage.

Install Diesel Generator for City Hall Building - \$65,000: A 150-kw diesel fuel generator will be purchased to provide full emergency power to all three floors of City Hall in the event of a power outage.

PARKS & RECREATION: \$950,000

West End Park Relocation & Construction - \$85,000: Since the Higgins Westside Park was on land leased to the City and the property owner needed the land for business expansion, the City plans to relocate the small neighborhood park onto nearby land owned and recently purchased by the City, totaling about a half-acre. A new playground will be installed, along with swings, tables and benches, a water fountain, and fencing.

West End Community Soccer Field - \$395,000: In order to meet the growing demand for recreation services on the west end, the City will construct a soccer field suitable for adult participation or multiple youth fields of varying size. Programming and periods of open free play will be provided. Costs include fill dirt, stormwater management, irrigation, field construction, water and electric upgrades, lighting, and parking.

Hobson Grove Park Shelter/Restroom Reconstruction - \$85,000: In order to rejuvenate and improve community use of the park, an old concession/ restroom/storage building will be reconstructed to provide a modern shelter and restroom facility similar to that just completed at HP Thomas Park.

Hobson Grove Park Playground Equipment - \$50,000: A new playground structure will be installed near the planned shelter, and will be similar in size to the structure added at Roland Bland Park in 2013. The playground will include slides, climbers, a bay of swings and a tire swing to serve a wide age range of children.

Riverview Golf Cart Replacement - \$148,000: The fleet of 36 golf carts at the Golf Course at Riverview will be replaced. The majority of the carts are over eleven years old; some came from the other two courses when those fleets were replaced in 2012. The carts will cost an estimated \$4,000 each, and a utility vehicle will also be purchased.

Kereiakes Park Tennis Complex Resurfacing - \$50,000: The tennis complex construction project was completed in 2008 for \$500,000. It is used for a number of tournaments and leagues as well as college and high school invitationals. Resurfacing maintenance standards for such courts are typically no more than 5-7 years. The department plans to be proactive in protection of the facility by cleaning, sealing, coloring and restriping it before severe damage appears. The project also includes the installation of water fountains and replacement of windscreens.

CAPITAL IMPROVEMENT PROGRAM, *continued*

Equipment/Vehicle Replacement - \$137,000: Four pieces of equipment will be replaced: two trucks with utility bodies at \$38,000 each; a 4x4 truck with extended cab at \$36,000; and a 4x4 standard cab pickup truck at \$25,000.

NEIGHBORHOOD & COMMUNITY SERVICES: \$550,000

BG Reinvestment/Local Strategy Area - \$500,000: A new strategy to utilize \$300,000 in federal CDBG funds along with \$200,000 in local tax dollars will be invested in the Bowling Green Reinvestment Area. This is generally the section of the city west of the US 31W Bypass. Staff will develop priority needs in specific sections of the area so that individual projects are tailored to community needs. Projects could include sidewalks, stormwater improvement, parks, street improvements, acquisition/demolition, and/or housing improvements.

Vehicle/Equipment Replacement - \$50,000: A 2001 and a 2003 Chevy Blazer used in inspections will be replaced at \$25,000 each.

CAPITAL BUDGET — ALL FUNDS

LEGISLATIVE DEPARTMENT SUMMARY, *continued*

Accomplishments

- 36 Board of Commissioners meetings, work sessions and special call meetings held
- 40 Ordinances considered
- 206 Municipal Orders and/or Resolutions considered
- 59 appointments made to various City boards, commissions and agencies
- 6 Summer Strolls attended

Goals

Board of Commissioners:

- More jobs, more diverse economy
- Improved traffic flow
- Thriving downtown and riverfront
- Sustainable city government
- Strong neighborhoods
- Enhanced public transportation

Sister Cities:

- Exchange business, cultural, economic and educational ideas with a thriving City across the globe.
- Partner with BG Area Convention and Visitor's Bureau (Program Manager) to promote community participation to creatively learn, work, and solve problems through cultural, educational, municipal, business, professional, and technical exchanges and projects.

Organizational Structure

CITY MANAGER'S OFFICE SUMMARY, *continued*

Accomplishments

- Prepared and presented a balanced operating budget for Fiscal Year 2014 two weeks ahead of the traditional budget planning/preparation schedule, and received the 2nd consecutive Distinguished Budget Presentation Award from the Government Finance Officers Association (GFOA) for the FY2014 Annual Operating Budget.
- Improved internal customer satisfaction in the Office of Purchasing by 19%.
- Significantly increased the storage capacity for surplus materials and equipment through better organization of available space and more frequent turnover/disposal methods, including the completion of four on-line auctions bringing in approximately \$17,275 from the sale of surplus items during Fiscal Year 2013; and collected \$54,980 from a total of seven on-line auctions during calendar year 2013.
- Developed and implemented a plan to enhance local businesses' awareness of how to do business with the City and increased our pool of potential bidders by nearly 20% in just one year.
- Received 100% employee participation with Ethics Policy and Procedures training initiated through the Board of Ethics and the Office of City Clerk; and implemented an Employee Ethics Hotline.
- Completed the Purchasing Office Audit and follow-up to the Fire Payroll Audit.
- Conducted Internal Control and Fraud Awareness training to employees and other associations and municipalities.
- A new television program "BG Mythbusters" was created to discredit misinformation about city services or procedures.
- A new texting system was launched to communicate information to residents regarding a variety of topics including golf and general news.
- The Broadcast Specialist was moved from part-time to full-time allowing for the completion of more, better quality videos.

Goals

City Manager:

- Accomplish the vision, goals and objectives of the Board of Commissioners.
- Preserve the financial viability and sustainability of City government.

Assistant City Manager/Office of City Clerk:

- Provide quality customer service in a timely manner to the Board of Commissioners, city staff, other governmental agencies and the general public.
- Maintain the integrity and sustainability of the City's official records as prescribed by law and policy.
- Promote the fiscal management and sustainability of City government.

Office of Internal Auditor:

- Provide an independent and objective review of the City of Bowling Green's risk management, internal control, and governance processes to improve efficiency of procedures, effectiveness of operations, and aid in preventing fraud, waste, or abuse.

Office of Purchasing:

- Purchase without prejudice, seeking to obtain the maximum value for each dollar of expenditure in accordance with established guidelines.
- Administer an efficient, compliant procurement and bid system.
- Manage surplus inventory effectively and efficiently.

Public Information:

- Coordinate and implement the City's public information plan to cultivate and maintain a positive public image of municipal government.
- Manage and oversee the City's Government Access Cable Channel 4 by coordinating the schedule, producing programs and maintaining equipment.

Performance Measures

Performance Measures	Actual FY12	Actual FY13	Estimated FY14	Proposed FY15
Audit Plan Completion—75% of approved audit plan should be completed within the fiscal year	47.25%	50.28%	71.89%	>75%
Administer Records Management and Excellent Customer Service—maximum of 3 working days to complete open records request	1.79	2.47	2.0	<3.0
Purchase Order Approval by Central Purchasing—maximum of 3 working days to final approval of PO's by Central Purchasing	2.38	1.8	1.5	<3.0

Organizational Structure

FINANCE DEPARTMENT SUMMARY, *continued*

Accomplishments

- Collected approx. \$771,000 in additional occupational fees through audits of w/h reconciliations, net profit returns, transient accounts, and 1099 audits; and field inspections and litigation of delinquent accounts.
- Refinanced \$3,595,000 of the remaining 2003 Convention Center bonds resulting in net savings to the City of \$255,000 over the next five years.
- Assisted the Internal Auditor and Audit Committee with the RFP process on Audit Services contract that resulted in savings of approximately \$10,000 annually for five years (Apprx. \$50,000) by amending the scope to only audit services. The City will prepare all financial statements in-house beginning with FY2014 CAFR.
- Received the GFOA Certificate of Excellence in Financial Reporting for the FY12 CAFR.
- Received the GFOA Outstanding Achievement Award in Popular Annual Financial Reporting for FY12 PAFR.
- Completed three Job Development Incentive agreements for Transpark companies with 192 new jobs projected.
- Continued monitoring and analysis of the City's involvement and contingent liability associated with the Block 6 Wrap Development, reviewing draft documents for the upcoming \$27M IRB issue and assisting with obtaining a bond rating from Standard & Poor's.
- Finance staff participated on the Budget Team and prepared the City's second GFOA Budget Document, which received the Distinguished Budget Presentation Award.
- Increased procurement card spending by over \$186,000, or +34%.

Goals

Chief Financial Officer:

- Manage and oversee the City's accounting systems in order to safeguard the City's assets and to ensure the integrity of the financial information needed for decision making by both elected officials and City residents.
- Provide timely and accurate financial information to City Manager and elected City officials to reflect the City's financial condition.

Treasury:

- Administer an efficient collection system for property taxes and occupational license fees.
- Serve as the central collection agency for City revenues to ensure accurate accounting in the general ledger.

License:

- Increase occupational tax revenues and compliance to Chapter 18 of City Ordinances by locating and registering business activity conducted within the City limits and monitoring business starts and closures.
- Effectively audit and process occupational license fee requests for refunds, overpayments, and verify recipients.

Accounting/Accounts Payable/Payroll:

- Accurately monitor, analyze and report the City's financial position while maintaining the general ledger and reconciling cash and investment balance and preparing high quality financial reports, such as the CAFR.
- Efficiently manage, process, and distribute vendor payments while coordinating and maintaining records for the City's out-of-town travel program and procurement card utilization.
- Effectively manage the City's payroll and fringe benefit system for approximately 600 employees, maintaining efficient decentralized payroll processing.

Performance Measures

Performance Measures	Actual FY12	Actual FY13	Estimated FY14	Proposed FY15
Percent of property taxes collected within six months of due date	98.9%	96.9%	98.5%	98.2%
Reduction in the number of unpaid prior year property tax bills over \$1,000	51.9%	45.3%	55.9%	56.0%
Percent of withholding fees collected within 45 days of the due date	97.5%	97.0%	96.2%	96.9%
Total number of payments processed by the Payroll Division	19,320	19,577	19,700	19,700
Percent of vendor payments paid by ACH (vs. paper check)	47.7%	55.0%	60.0%	65.0%
Procurement Card transactions as percent of total AP trans.	14.6%	19.1%	21.2%	24.5%

Organizational Structure

HUMAN RESOURCES & RISK MANAGEMENT DEPARTMENT SUMMARY, *continued*

Accomplishments

- The City's .59 worker's compensation experience modifier is the lowest of the 376 cities/entities insured by KLCIS.
- Completed two recruitment, testing and selection processes for police officer and began another recruitment for spring 2014 process; also completed one cycle for communications dispatcher selection.
- Coordinated review of the job task analysis for all fire promotional ranks to make sure that the examinations appropriately test for the required job knowledge, abilities and skills.
- Implemented verification of college degrees and certifications for new full-time hires, utilizing a clearinghouse and other verification websites.
- Coordinated participation in the WKU/SCKY training consortium; two employees graduated from the supervisor certification program; at year's end, ten employees were participating in supervisor and group leader training, and eleven were enrolled for 2014 programs.
- Purchased and placed five blood pressure kiosks for employee use in different City facilities.
- Actuarial study was conducted to review the medical trust fund and health reimbursement account reserves.
- Implemented IRS change in flexible spending carry over, and amended the 401(k) plan to allow Roth option.
- Due to continued success with the workers' compensation program, rates were analyzed and lower rates prepared for the FY2015 budget that will reduce amounts charged to departments by \$61,200 or 8.3%.
- Due to City-wide efforts, there were no lost-time injuries in the last eight months of calendar year 2013.
- Finalized policies for three new sections of the Risk Management Manual, and obtained BOC approval of comprehensive revision.

Goals

Human Resources Management:

- Assure that City's compensation and benefits structure provides a fair and competitive pay rate and benefits program.
- Provide equal employment opportunity through extensive recruitment for job openings and continue to develop a diverse workforce representative of the community served.

Employee Benefits & Wellness:

- Provide a competitive benefits package, including educating employees/spouses regarding their existing benefits, and provide education as a prevention tool through offering wellness programs.
- Offer an employee wellness program that will encourage and help employees manage their health.

Safety & Risk Management:

- Reduce pre and post-loss exposures through proper management and diligent oversight of claims, including workers' compensation, liability and property.
- Assure adequate risk financing mechanisms (both internal and external) are in place at the least possible cost to the City, to pay for the potential loss of assets (i.e. insurance policies, budget loss retention).

Employee Development

- Continue to enhance employee, supervisor and leadership development, to move toward the goal of being a High Performing Organization.
- Improve employee productivity through continued enhancement of communications.

Workforce Diversity

- Diversify the City's workforce to reflect the immediate region's employment base.
- Improve understanding and acceptance of individual differences through education and training.

Performance Measures

Performance Measures	Actual FY12	Actual FY13	Estimated FY14	Proposed FY15
Number of grievances filed/total number of employees subject to grievance procedure	1 per 146.3 employees	0 per 441 employees	0 per 437 employees	1 per 437 employees
Percentage of performance reviews completed on schedule	94%	100%	95%	95%

LAW DEPARTMENT SUMMARY, *continued*

Accomplishments

- Collected \$120,627 in delinquent taxes
- Collected \$5,906 in code enforcement liens
- Filed 40 code enforcement liens
- Filed 26 answers to foreclosure complaints
- Involved with Public Safety Radio RFP
- Drafted various Ordinances/Municipal Orders—Donation Bins, Butler County Landfill Sale, Towing and ABC
- Finalized property acquisitions for various sidewalk projects—Holly, Steeplechase, Dishman, Ogden, Collett and Russellville

Goals

Legal Services:

- Provide quality customer service in a timely manner to the Board of Commissioners and City staff. Provide comprehensive legal advice to the Board of Commissioners, City Manager and City staff, including advice to prevent or reduce exposure to liability.
- Negotiate, prepare and review all legal documents necessary for the operation of the City and its departments.
- Efficiently assist the City in the collection of monies owed to the City and in the enforcement of City ordinances and regulations.

Outside Legal Services:

- Represent the City in civil litigation, which also includes monitoring outside, private counsel.

Performance Measures

Performance Measures	Actual FY12	Actual FY13	Estimated FY14	Proposed FY15
Percentage of employees rating contract review services as excellent or good	93.8%	90.2%	90%	90%
Percentage of employees rating all other legal services as excellent or good	95.6%	90.2%	90%	90%

Organizational Structure

INFORMATION TECHNOLOGY DEPARTMENT SUMMARY, *continued*

Accomplishments

- Developed City of Bowling Green Smartphone APP
- Upgraded Public Safety Enroute software to new, major platform
- Implemented a new building security access system
- Migrated Groupwise e-mail to Microsoft Outlook
- Tested air cards and began migration as replacement for wireless mesh network
- Added several new forms to Online Forms Processing
- Established a new indoor guest WIFI network
- Redesigned the Web GIS application
- Upgraded Timeclock and began City-wide implementation project
- Implemented texting system
- Began implementation of new Alpine software for Fire Department
- Completed plans with Public Works Department for City Hall Annex renovations

Goals

Systems Engineering:

- Maintain and enhance the City's infrastructure including switches, routers, firewalls, wireless equipment and any related network equipment and systems.
- Provide support for other City systems, including but not limited to VOIP and security systems.

Systems Analysis:

- Improve customer service for City employees by discussing ideas and use input to maintain a long-range plan for information technology systems to stay in-tune with technological advances.
- Work with other departments when needs arise to identify the best solutions with cost effective means.

Helpdesk Services:

- Effectively record and manage Helpdesk calls; ensure calls are properly prioritized and addressed in a timely manner.
- Provide quality customer service to the Board of Commissioners, City staff, other governmental agencies and the general public.
- Work with Helpdesk Specialists to make changes to approach and exploit software to better serve the customers and improve communication.

ADMINISTRATIVE SERVICES

This program encompasses several administrative type expenditures. The City contributes funding on an annual basis, along with Warren County, for the operations of the City/County Planning Commission. The Barren River Area Development District (BRADD) charges annual dues at a rate of \$0.50 per capita population of the City. This program also funds the City's central services account where office supplies such as postage and paper are procured. VOIP & cell services provides for a City government telephone system and cellular service needs.

Budgetary Changes and Impact

Recommendation		Impact/Explanation
Planning & Zoning		
No change in funding	\$ 0	
BRADD		
Increase to dues account	1,266	Additional funding required for dues based on population figures
Central Services		
Increase to equipment repairs and asset accounts; decrease to postage and supply accounts	41,600	Additional funding is required to cover increasing copier maintenance costs, including addition of Parks maintenance, and purchase of mail machine
VOIP & Cell Service		
Decrease to telephone and small equipment accounts	(50,940)	No impact on performance is expected, savings achieved through use of VOIP system
TOTAL IMPACT	\$ (8,074)	

Departmental Budget by Division

POLICE DEPARTMENT SUMMARY, *continued*

Accomplishments

- Police Department accreditation completed— 5th consecutive five year term
- Completed records software upgrade
- Computer Aided Dispatch (CAD) software upgrade
- Construction of a new bulk evidence storage facility
- Customer survey completed by Dr. Victoria Gordon
- Developed in-house training for both new detectives and supervisors
- KYOPS overhaul assistance with statewide records management
- New performance objectives/measurements for BGPD accepted by City Manager
- Radio agency signed contract with Motorola to build a new public safety radio system

Goals

Administration:

- Increase minority employee hiring
- Increase citizen interaction with Police Department

Professional Standards:

- Monitor professional standards described in the Policy and Procedure Manual
- Monthly staff inspections
- Monthly audits of allocated funds
- Maintain the agency's professional accreditation
- Provide officers with useful and up to date training annually

Special Operations:

- Maintain the integrity and sustainability of the City's official records as prescribed by law and policy
- Streamline the uniform ordering process with IT to the next level by direct requests to vendors
- Continue to monitor the scrap metal recyclers for compliance with all laws

Communications:

- Improved emergency response and planning capabilities
- Engage current public safety communication technology including CAD and 9-1-1 improvements

Investigations:

- Complete thorough follow-up investigations
- Proactively seek ways to insure compliance with sex offender laws
- Increase forensic lab effectiveness and capabilities

Patrol:

- More police visibility in the community including increased use of bicycle and motorcycle patrol capabilities
- Improve Department Infrastructure
- Reduction of traffic crashes
- Reduce crime

Performance Measures

Performance Measures	Actual FY12	Actual FY13	Estimated FY14	Proposed FY15
Total average time from receipt of top priority police telephone call to arrival on scene	273 seconds	Unable to provide	264 seconds	< 297 seconds
Number of injury producing traffic accidents	323	Unable to provide	337	<406
Number of complaints made against sworn personnel during reporting period	3	7	5	4
Number of complaints against sworn personnel sustained during reporting period (regardless of when initiated)	0	2	1	0

FIRE DEPARTMENT SUMMARY, *continued*

Accomplishments

- Reaccreditation completed
- Car one certification completed
- Developing Record Management System into station and apparatus maintenance
- Mutual aid training with County fire departments ongoing
- Developing new recruit class standing orders
- Improved overall inspection capabilities of department members

Goals

Administration:

- Improve ISO rating: Previous ISO review resulted in a PPC score improvement less than two points from improving rating from 3 to 2
- Review/improve succession planning efforts
- Comprehensive medical service Fire Department response review
- Manage transition for fire records management upgrade

Prevention:

- City fire loss reduction through fire inspection and plan review
- Develop home fire prevention inspection program
- Develop public education program to be a more broad, diverse and contemporary program
- Promote the department emergency response media attention
- Support the current Fire Investigations division with needed resources and funding

Training:

- Expand mutual aid training with County departments
- Explore/expand Officer Development programs
- Design/construct concrete pad for structural collapse props
- Revise Company Performance Drills Program (CPD's)
- Administer Structural Collapse Technician training class
- Develop and implement Incident Safety Officer certification program

Suppression:

- Develop system/protocols for tracking property/lives saved
- Evaluate response times for each crew and make recommendations for improvement
- Develop Incident Safety Officer (ISO) program within ranks of personnel
- Improve apparatus/equipment check out and inventory tracking system

Performance Measures

Performance Measures	Actual FY12	Actual FY13	Estimated FY14	Proposed FY15
Overall unit response time	3:40	4:06	4:00	3:50

Organizational Structure

[Quick link to Table of Contents](#)

PUBLIC WORKS DEPARTMENT SUMMARY, *continued*

Accomplishments

- A new Emergency Response Team protocol and supporting GIS is nearing completion. This initiative relied on interaction with multiple divisions to develop a system to provide better response in emergency situations.
- Public Works won Human Resource's annual safety award.
- Public Works, in cooperation with other departments, continued to improve facilities. Projects include work at the soccer complex, Crosswinds and Paul Walker Golf courses, and Police headquarters.
- The Department completed the year with no lost time injuries.
- Public Works improved efficiency through innovations. A few of these innovations include the use of GIS technology to develop our emergency APP, crime mapping tool, and sidewalk inspection mobile APP. Staff also developed new tools including a manhole lifting devise, a mower chute defection system, and a down-hole camera system to improve efficiency and safety.
- Staff continued to improve sustainability efforts through procured performance contracting. The current program will provide new, more efficient equipment to several facilities. Much of this equipment was near end of life.
- Staff worked with NCS to develop increased citizen interaction for the new sidewalk program.
- Fleet began an oil testing program to monitor engine performance and life expectancy on older vehicles.
- Operations repaired an above average amount of sinkholes while maintaining other services.
- Reorganized existing divisions structure and created new Environmental Compliance Division.

Goals

Department Goals:

The overall goals of the Public Works Department are as follows:

- Develop a highly functional team
- Create a positive image for the department and City of Bowling Green
- Improve efficiency and sustainability
- Develop a sense of service in employees
- Develop leaders in the Public Works Department
- Improve the quality of life for the citizens of Bowling Green

Division Objectives:

While all divisions share common goals, the execution of these goals vary. Each division is called on to meet these goals depending on the role they fill within the organization.

Performance Measures

Performance Measures	Actual CY12	Actual CY13	Estimated FY14	Proposed FY15
Planning and Design: Response time – Average time to complete non-commercial building permit, detailed development plan, and subdivision plan reviews. <i>Target is 5 workdays.</i>	3.63 Days	3.24 Days	3.52 Days	< 5 Work Days
Fleet: Response time – Average time to complete a Preventative Maintenance (PM-A) Work Orders. <i>Target is 4 hours.</i>	2.47 Hours	2.24 Hours	2.29 Hours	< 4 Hours
Facilities: Response time - Average time from assignment to completion of a non-emergency work orders. <i>Target is 1 hour.</i>	0.46 Hours	4.02 Hours	5.11 Hours	< 1 Hour
Operations: Response time - Average time from date of receiving a service request to date of completion. <i>Target is 3 days.</i>	2.15 Days	1.55 Days	1.33 Days	< 3 Work Days
Environmental Compliance: Percentage – Percentage of Post-construction BMPs audited. <i>Target is 25% per year.</i>	N/A	5%	3%	>= 25%

PARKS & RECREATION DEPARTMENT SUMMARY, *continued*

Accomplishments

- Extended BGPR office hours until 5:00pm Monday-Friday.
- BGPR Administration facilitated two community open houses promoting summer and winter programs respectively.
- Park Ranger daily usage at R. Sims Aquatic Center dramatically improved customer service.
- Fitness Men's and Women's locker rooms were renovated with Parks Maintenance staff.
- Moxley Community Center increased participation through increased programming.
- Parker-Bennett Community Center offered a "Before School" program for teenagers waiting on buses.
- Lampkin Park Field #1 and #2 dugouts and backstops were renovated.
- Landscape Division attained an Urban Forestry Grant to purchase software to inventory City of BG trees.
- Golf Division decreased expenditures and began a GROW Golf initiative that focuses on golf instruction.
- Golf Division installed the Forward Tees/Tee it Forward program at all three municipal golf courses.
- Crosswinds Golf Course's cart path was widened through cooperative work between BGPR and Public Works.
- Recreation Division programmed an Adult Dodgeball League.
- BGPR decreased overtime by \$10,500 (9%).

Goals

Administration:

- BGPR will decrease overtime by a minimum of 9%.
- BGPR will exhibit greater intra-divisional support through projects and programs.

Parks Maintenance:

- A comprehensive work order computer system will be adopted.
- Establish priorities and standards based on National Recreation and Park Association Standards for care.

Fitness:

- Cost recovery ratio of 75% and reduce personnel expenditures.

Special Populations:

- Develop a Youth Special Olympics program for elementary school age children.
- Oversee Area Five Special Olympics regional basketball tournament, spring games, and bowling tournament.

Athletics:

- Increase programming through addition of: lacrosse, wiffleball, kickball, and ultimate frisbee.
- Pursue facility upgrades at Lampkin Park Field #1 & #2 and Hobson Grove dugouts.

FO Moxley Community Center:

- Develop a "Winter Break Camp" and bi-monthly senior programs.

Parker-Bennett Community Center:

- Develop a volunteer "Mentoring" program and a reading program.

Cemetery:

- Achieve 90% of all burial information and input into computer system to provide online access to citizens for research.

Landscape:

- Increase usage of Memorial Tree Program.
- Inventory all Emerald Ash trees on city property in preparation for Emerald Ash borer arrival.

Aquatics:

- Reach a minimum of 80,000 participants at R. Sims Aquatic Center.
- Offer a full range of Learn to Swim classes during June and July.

Golf:

- Develop "Grow Golf" initiative to incorporate part-time staff oversight and increase amount of programming.
- Reduce maintenance expenditures through development of additional "naturalized" areas.

Recreation:

- Offer an adult kickball league.

Performance Measures

Performance Measures	Actual FY12	Actual FY13	Estimated FY14	Proposed FY15
Total participation	1,196,205	1,180,283	1,167,550	1,225,000
Total revenues	\$2,698,447	\$2,452,478	\$2,455,737	\$2,700,000
Number of 9 hole rounds played	120,049	111,227	103,000	120,000
Russell Sims Aquatic Center participation	89,406	81,732	77,500	90,000

Organizational Structure

NEIGHBORHOOD & COMMUNITY SERVICES DEPARTMENT SUMMARY, *continued*

Accomplishments

- Housing Division Received 9th consecutive High Performer status from HUD
- Developed 5-year Consolidated Plan
- Restarted the Target Area Program
- Rewrote Chapter 27 Ordinance through a Citizen Committee Workgroup
- Rewrote the Administrative Plan for the Housing Division
- Approved City-Wide Language Access Plan

Goals

Administration & Grants:

- Obtain and administer grant funding according to community's priority needs, consistent with applicable regulations and in a manner that affords the greatest opportunities for citizen participation.

Neighborhood Services:

- Strengthen neighborhood associations and build the capacity of neighborhood groups to identify and pursue goals and resolve problems on a neighborhood level.
- Build and sustain positive working relationships between City of Bowling Green departments and members of the international communities of Bowling Green through community outreach, language access, and training.

City Central:

- Ensure and promote the highest level of customer service to citizens and other departments by responding to customer service requests within 24 hours. Facilitate timely customer service request resolution by conducting periodic meetings or contacts with other departments' staff regarding on-going requests.

Housing Assistance:

- Administer the Housing Choice Voucher Program in an efficient and effective manner, in accordance with HUD regulation and local policy.

Buildings & Inspections:

- Ensure quality and safety of private and public construction within the City while providing prompt and courteous service.
- Educate contractors and the public about building codes and why they exist.

Code Enforcement:

- Enhance neighborhood stability and citizen health, safety, and general welfare through efficient and effective property maintenance code enforcement.

Performance Measures

Performance Measures	Actual FY12	Actual FY13	Estimated FY14	Proposed FY15
Percent of Housing Choice Vouchers available/utilized	99.1%	99%	99.9%	99.8%
Rate of voluntary Code Enforcement compliance	92%	92%	94%	90%
Amount of Code Enforcement expenditures per citizen	\$7.21	\$7.53	\$7.30	\$7.50
Average number of days from commercial permit application to issuance	16	13	8	10
Number of building and electrical permits issued	1,815	1,908	1,380	1,500
Number of neighborhood meetings conducted	72	64	52	65
Number of International Outreach activities	20	106	140	155
Number of customer service calls answered	1,562	1,093	1,300	1,400

COMMUNITY SERVICES

The Community Services program provides funding assistance to other government affiliated agencies, local non-profits and charities. Funding is determined on an annual basis and is recommended by the City Manager and approved by the Board of Commissioners. Additionally, incremental revenues collected from the WKU Gateway to Downtown Bowling Green TIF District are distributed to the Warren County Downtown Economic Development Authority.

Budgetary Changes and Impact

Recommendation	Impact/Explanation
Human Services Decrease to appropriation	\$ (260) No impact on performance is expected
Other Community Services Increase to contribution account	277,000 Additional budget will fund increased payment due for City's portion of TIF revenue
TOTAL IMPACT	\$ 276,640

Departmental Budget by Division

¹ Debt service previously budgeted in the Golf and Aquatics enterprise funds has been moved to the Debt Service Fund with the reclassification of those funds to the General Fund.

² The FY2013 expenditure is due to the refinancing of the debt, while the decreased budget in FY2015 is a result of the payoff of the refunded debt.

³ The large expenditure shown in FY2013 is due to the retirement of additional debt resulting from ITA land sales.

INTERGOVERNMENTAL

The Intergovernmental program consists of appropriations to local agencies for the appropriate share of tax revenue to their organization. Funding is based on the City Code of Ordinances, as well as an annual contribution for support of the animal shelter operations.

Budgetary Changes and Impact

Recommendation		Impact/Explanation
Convention Center		
Reduction to professional service, repair, insurance premium and interest accounts; increase to debt service principal, small equipment, transfer-out and capital asset accounts	\$ 54,515	Additional funding will provide for replacement of trash compactor and serviceware and transfer out appropriation to Parks Capital Improvement Fund
Humane Society		
No change in funding	0	
Hartland/Corvette Tax District		
Elimination of expenses	(70,000)	Hartland/Corvette taxing district transfer from General Fund has been discontinued

APPENDIX H

GLOSSARY AND ACRONYMS

Glossary of Terms

APPRAISED VALUE: The estimate of fair market value assigned to property by Warren County Tax Assessor.

APPROPRIATION: An authorization granted by the Board of Commissioners to make budgeted expenditures and to incur obligations for purposes specified in the budget ordinances.

APPROVED BUDGET: Term used to describe revenues and expenditures for the upcoming year beginning July 1 as adopted by the Board of Commissioners.

ASSESSED VALUE: a value established for real and personal property for use as a basis for levying property taxes.

BLOCK GRANT FUND: is a special revenue fund used to account for revenues and expenditures related to Community Development Block Grants for housing, public facilities, and economic development projects.

BOND: a written promise to pay a designated sum of money (the principal) at a specific date in the future, along with periodic interest at a specified rate. The payment on bonds is identified as Debt Service. Bonds are generally used to obtain long-term financing for capital improvements.

BOND PROCEEDS: Resources derived from issuance of bonds for specific purposes.

BOND RATING: a rating (made by an established bond rating company) from a schedule of grades indicating the probability of timely repayment of principal and interest on bonds issued. The City of Bowling Green has an AA rating from Moody's and Standard & Poor's.

BUDGET: a comprehensive financial plan of operation for a specified period of time that matches all planned revenues and expenditures with various municipal services. The City's budget is adopted annually.

BUDGET ADMENDMENT: a formal change of budgeted appropriations requiring two readings by the Board of Commissioners.

BUDGET CALENDAR: The schedule of key dates or milestones which the City follows in the preparation and adoption of the budget.

BUDGET DOCUMENT: The official written statement prepared by the City staff reflecting the decisions made by the Board during budget deliberations.

BUDGET MESSAGE: a general discussion of the budget which provides the Board of Commissioners and the public with a

general summary of the most important aspects of the budget, changes from previous fiscal years, and the views and recommendations of the City Manager.

BUDGET ORDINANCE: The schedule of revenues and expenditures for the upcoming fiscal year by fund which is adopted by the Board of Commissioners each year.

CAPITAL: Category of expenditures for capital acquisitions that include:

- Land or easements,
- Buildings acquired, constructed, or improved,
- Parks and recreation facilities,
- Infrastructure such as drainage, streets, curb and gutter, gateway enhancement and streetscape, bridges and tunnels, sidewalks, traffic signals, and streetlights, and
- Capital equipment over \$5,000 with an expected life of two or more years such as furniture & fixtures, vehicles, machinery & equipment, and computer hardware & software.

CAPITAL IMPROVEMENT PROGRAM (CIP): issued separately but in coordination with the budget document, the CIP is the plan or schedule of project expenditures for public facilities and infrastructure (buildings, roads, etc.), with estimated project costs, sources of funding, and timing of work over a five-year period. Generally, projects over \$20,000 are included in the CIP.

CAPITAL PROJECT FUNDS: is used to account for financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition and/or construction of major capital projects, including buildings, parks, streets, bridges and other City facilities, infrastructure, and equipment. The primary revenue sources in this fund are bond proceeds, grant receipts, and developer contributions.

CEMETERY PERPETUAL TRUST FUND: is a trust and agency fund used to account for monies provided by private donors and from the sale of cemetery lots. The principal amount is to be maintained intact and invested. Investment earnings are used for cemetery maintenance.

COAL MINERAL TAX FUND: is a special revenue fund that accounts for the receipt and disbursement of coal and mineral severance taxes received from the State.

CODE OF ORDINANCES: a compilation of ordinances as adopted and approved by the Board of Commissioners.

Glossary of Terms, *continued*

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUND:

Used to account for receipts from CDBG grants and usage of these monies to further community development.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR): Issued at the end of a fiscal year, it includes comparisons to budgeted amounts in the general and special revenue funds to ensure compliance with the legally adopted budget. The CAFR is prepared in accordance with GAAP (Generally Accepted Accounting Principles), the accounting principles that are commonly used in preparing financial statements and generally accepted by the readers of those statements. The authoritative source of GAAP for state and local governments is the Governmental Accounting Standards Board (GASB).

CONTRACTUAL SERVICES: include administrative and professional services, utilities, custodial services, repairs, rentals, construction, road work, insurance premiums and deductibles, telephone costs, postage and freight, advertising and printing, dues and membership fees for professional organizations, and travel costs.

DEBT SERVICE: Payment of long term debt principal, interest, and related costs.

DEBT SERVICE FUND: is a governmental fund type used to account for the accumulation of resources that are restricted, committed, or assigned to fund debt service and actual principal and interest payments.

DEPARTMENT: a major administrative or operational division of the City which indicates overall management responsibility for an operation or a group of related operations within a functional area. A department usually has more than one program and may include activities or divisions which are accounted for different funds. It is also the legal level of budgetary control for the City.

EMPLOYEE HEALTH CARE TRUST FUND: is an internal service fund used to account for the accumulation of resources for the purpose of funding medical costs of city employees and dependents.

ENTERPRISE FUND: a proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

EXPENDITURE: The outlay of or obligation to pay cash; a decrease in net financial resources.

E911 FUND: is a special revenue fund used to account for the

special surcharge placed on telephone bills for the city's enhanced 911 system.

FIRE IMPROVEMENT FUND: is a special revenue fund used to account for capital outlays of the fire department. Funding is provided by the fire insurance premium taxes.

FISCAL YEAR: The time period beginning on July 1st of a calendar year and ending on June 30th of the following calendar year. Budgeting is carried out on a fiscal year schedule.

FLEET MANAGEMENT FUND: is an internal service fund used to account for the operating costs of centralized maintenance of automotive equipment used by other city departments. Department billings are on a cost reimbursement basis.

FULL-TIME EQUIVALENT POSITION (FTE): a part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year. For example, a seasonal employee working four months, or 690 hours, would be equivalent to 0.3 of a full-time position.

FUND: A fund is a fiscal and accounting entity with a self-balancing set of accounts.

FUND BALANCE: Amounts shown as fund balance represent monies which remain unspent after all budgeted expenditures have been made.

GENERAL FUND: is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. The revenues for this fund are generated from taxes, occupational fees, licenses and permits, intergovernmental sources, and charges for services.

GENERAL OBLIGATION BONDS: Debt issued by the City, repayment of which is backed by full taxing power.

HOUSING CHOICE VOUCHERS: is a special revenue fund used to account for revenues and expenditures related to the Section 8 Housing Voucher rental assistance program funded by the U.S. Department of Housing and Urban Development.

INTERNAL SERVICE FUND: a proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to the other governments, on a cost-reimbursement basis.

JOB DEVELOPMENT INCENTIVE FUND: is a special revenue fund used to account for job development incentive payments

Glossary of Terms, *continued*

to industrial prospects within city boundaries to provide incentives for the creation of new jobs in the industrial sector. Employee withholdings generated by new jobs are deposited to the fund to reduce incentive payment obligations payable in annual installments not to exceed five years.

LAMPKIN PARK TRUST FUND: is a trust and agency fund used to account for the receipt of one-seventh of the net income from C.W. Lampkin Charitable Trust. The money shall be used for the maintenance, improvement, and development of Lampkin Park as long as the park bears the name.

LANDFILL CLOSURE FUND: is a special revenue fund used to account for revenues and expenditures applicable to government landfill closure and post-closure care.

LIQUID FUEL TAX FUND: is a special revenue fund used to account for the recipient and disbursement of taxes on fuel received from the State.

MODIFIED ACCRUAL: The basis of accounting where expenditures are recognized when incurred and payment is due and revenues are recognized when they are measurable and available (generally collected within 60 days).

OTHER FINANCING SOURCES: include operating transfers out, contingency, and other objects.

PERFORMANCE MEASUREMENTS: Any systematic attempt to learn how responsive a government's services are to the needs of constituents through the use of standards, workload indicators, etc.

PERSONNEL SERVICES: include wages, supplemental pay, overtime, insurance costs, retirement, worker's compensation, tuition reimbursements, and other benefits expenditures.

POLICE/FIRE PENSION FUND: is a trust and agency fund used to account for the accumulation of resources to be used for retirement annuity payments. Resources are contributed by employees at rates fixed by law and by the City at amounts determined sufficient by the Commonwealth of Kentucky and/or the Board of Commissioners based on an actuarial valuation.

PROPERTY AND FIXED ASSETS: include purchase of land and buildings, improvements, machinery, vehicles, equipment, and furniture and fixtures.

PROPERTY TAX RATE: The rate at which real and personal property in the city is taxed in order to produce revenues sufficient to conduct necessary governmental activities. This rate is currently \$0.206 per \$100 of assessed valuation.

PROPRIETARY FUND: The Aquatics, Golf and Convention Center funds are proprietary funds (where user charges and fees typically cover the cost of the services provided) within the City. *Effective with the FY2015 budget, Aquatics and Golf will no longer be classified as enterprise funds.*

PROPOSED BUDGET: Term used to describe revenues and expenditures for the upcoming year beginning July 1 as proposed by the City Manager to the Board of Commissioners for approval.

REVENUE: Income received from various sources used to finance government services. For example, local employee withholding taxes.

SPECIAL REVENUE FUND: a governmental fund type used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects and exclusive of resources held in trust for individuals, private organizations, or other governments.

TAX BASE: The total assessed value of real property within the City.

TAX LEVY: The total amount to be raised by general property taxes for purposes specified in the Property Tax Ordinance.

TOURIST AND CONVENTION FUND: a trust fund agency used to account for the collection of a three percent (3%) hotel/motel transient room tax, a one percent (1%) special room tax for the operation of Sloan Convention Center, and payment to the BG Area Convention & Visitors Bureau. These monies are not used by the City, but only by the Tourist & Convention Commission.

TRANSFER: An appropriation to or from another fund. A transfer is the movement of money from one fund to another to wholly or partially support the functions of the receiving fund.

USER CHARGES/FEES: The payment of a fee for direct receipt of a public service by the party benefiting from the service.

WORKERS' COMPENSATION FUND: is an internal service fund used to account for the accumulation of resources for the purpose of funding workers' compensation costs for city employees.

A special thanks is extended to Laura Harris, the City's Graphic Designer, for designing the Budget Document cover page and the presentation headers and footers. Also, Erin Ballou deserves special recognition for the substantial completion of the Budget Document and presentation packet. Finally, all department budget contacts listed above should be acknowledged for their effort and cooperation during the budget process.
